STUDENTS RESUME CLASS WORK AT WESTMINSTER COLLEGE

College Classes Are Resumed In New Wilmington

Churches, Other College Buildings, Club Rooms Used By Students

SECOND SEMESTER STARTS NEXT WEEK

Hundreds Of Messages Are Being Received By President Wallace

(Special To The News)
NEW WILMINGTON, Pa., Jan. 25.—Westminster College classes were resumed this morning, or rather, the work of the semester examinations was started, despite the fact that fire completely destroyed "Old Main" on Monday and eliminated most of the college classrooms.

By making use of the science hall, the churches, the New Wilmington club, and other rooms available in college buildings, the final examinations for the semester are proceeding.

Second Semester To Start.

Announcement is made by Dr. W. Chas. Wallace that the second semester will start next week, according to schedule with a few variations, Tuesday and Wednesday being given over to registration, and the actual start of college classes coming on Thursday.

At a meeting of the New Wilmington Rotary club last night, it was agreed to underwrite the cost of securing needed books at once for the college library, so that the books can immediately be ordered, and probably be here by the opening of the second semester. The science library of the college, located in the science hall will be used as the nucleus around which the new library will be built up. The building was untouched by the blaze, and the library is intact. It was the general library that was destroyed.

Fire Still Burning.

Fire was still burning in the old college building this morning. The south-eastern wall of the building fell during the night, but the other three are standing. The area has been roped off so that the many sightseers who have flocked to the college town must remain out of

Cabinet Men Are Sworn In

Stuart And Keith Take Oath Of Office At State Capitol

(International News Service)
HARRISBURG, Pa., Jan. 25.—James L. Stuart, Pittsburgh, and John A. H. Keith, Indiana, today took the oaths of office for secretary of highways and superintendent of public instruction, respectively. The oaths were administered by Charles L. Johnson, secretary of the Commonwealth.

Stuart was ill at the time the other members of the new cabinet were inducted. Keith was not able to succeed Dr. Francis B. Haas as superintendent of public instruction until the latter resigned last night.

New Castle Library Available For Aid To College Students

As a result of the fire which destroyed "Old Main", administrative building of Westminster college, at New Wilmington yesterday, the students find themselves temporarily in need of a library. The loss of the school library was one of the chief physical losses of the fire, containing 15,000 books of great value.

It was announced from the New Castle public library today that the faculty of Westminster will have the full cooperation of the librarians here in helping the students cover research work. Every year students have used the local library for reference work.

Now that Westminster temporarily has no general library it is expected that many will take advantage of the offer of the New Castle library in using the books to be found here.

Although the reference work in the city library will not come down to the minor details of a subject as much as works arranged for special college use, there are many good research and reference books on different subjects here, which will be available for use.

Ohio River Is Nearing Crest

Report Ohio River Near Parkersburg Stands Close To 60 Feet

COLD WEATHER TO BRING RELIEF

(International News Service)
CINCINNATI, O., Jan. 25.—The muddy waters of the Ohio river continued creeping nearer the crest stage today. Silencing industry, stopping traffice, and driving residents of low land districts before it.

This morning the river had fallen from Pittsburgh to Parkersburg, W. Va., but was rising to 57 and 60 foot stages from the latter point to Louisville, Ky.

Freezing temperatures predicted for today were expected to preclude the possibility of further rain, and relief for the inundated area was expected to be ushered in by the colder weather.

Abandonment of the Central Union station here, into which six railroad lines run, had not been made necessary up to a late hour this morning, but arrangements had been made to reroute trains to temporary terminals if the necessity arose.

Residents of the western section of Newport, Ky., across the river from Cincinnati, today were busily engaged in carrying household goods and all other movable property to higher areas. Water stood 6 feet deep in some streets in that section of the city.

Many residents of Aurora, Ind., down the river from here, were forced to flee to higher territory today.

Capture Butterfly In East Side Home

What is so rare as a butterfly in January? Thereafter must come perfect spring days, maybe. James Russell Lowell might have been able to have composed just as beautiful a poem about a lovely butterfly as he did about the perfect June day if he had seen one of the bright, gauzy creatures flying about on a cold winter day in January.

Anyway, there was a butterfly flying about in the home of Mrs. W. C. Ellgass of 1014 Summit street on Monday. Mrs. Ellgass said she didn't know whether it came from outside or had been making its home in the house all winter. The house dog found it and was making a desperate effort to get the butterfly when it was discovered.

After it was captured it was placed in a glass and now is being fed on sugar, with the hope that it might survive throughout the winter.

House Adjourns Until Monday

(International News Service)
HARRISBURG, Pa., Jan. 25.—The Pennsylvania House of Representatives adjourned at 11:58 a. m., today until next Monday night at 9 o'clock after passing on first reading a half dozen bills reported from committees.

The passing of these bills insures a second reading calendar for the House when it reconvenes next Monday.

Convening at 11 o'clock today the House adopted the report of its slate committee which named the house employes for the 1927 session.

IN CABINET OF GOVERNOR

DR. C. G. JORDAN

Here's one photo of Dr. C. G. Jordan, newly appointed secretary of agriculture in Governor Fisher's cabinet, that he apparently forgot about.

Despite the fact that Dr. Jordan didn't provide his picture for publication, due to personal modesty, The News today is pleased to make the public acquainted with Lawrence county's representative in the state cabinet.

Dr. Jordan is now at Harrisburg, and has entered upon the duties of his new office.

FIRST JOBS AT CAPITOL

(International News Service)
HARRISBURG, Pa., Jan. 25.—First announcement of distribution of patronage by the slate committee of the House came early today when Representative Charles C. McBride, chairman of the committee, let it be known that the following Allegheny countians had been given places:

Assistant journal clerk, R. L. Epping; desk clerk, Mrs. Anna H. Schafer; custodian of committee room, N. J. Reed; assistant sergeant-at-arms, William Krone; clerks to committees, W. H. Heath, Carl Brindle, David Tarr, Bernard Kinner, Alexander J. Walsh, Paul Hanzel; manager of postoffice, Benjamin Schugar; assistant managers of postoffice, D. F. McCarrell and J. L. Fenton.

A full list of patronage is expected today.

Sanitary Officer Hoon Is Injured

Sanitary Officer L. S. Hoon while in the performance of his duties this morning at 801 South Jefferson street, slipped and fell on some ice and sustained a badly sprained condition of the left side and hip, which necessitated the calling for assistance from the police department, to take him home. In spite of his injury and the terrific pain from which he was suffering, he managed to get to 801 Moravia street, from which point he was taken home by Officer Thomas Lynch. Indications are that he will be unable to perform his usual duties for a few days at least.

Mr. and Mrs. Charles McCullough of East Washington street are visiting the latter's mother Mrs. Charles Reisinger of Midland Pa

British Prepare To Send Division Into Shanghai

Tensity Among Foreigners In China Is Not Yet Relieved

CANTONESE MAY BE RECOGNIZED

New Reports Of Looting And Depredations Against Americans

(International News Service)
Tensity among foreigners in China was not relieved today, although the situation has quieted considerably.

Shanghai and Hankow were both reported orderly, but reports have been received that Marshal Chang Tso Lin is moving troops southward and that a big battle between the Cantonese and the northerners is impending.

General Sun Chuan Fang has officially denied reports that his forces, which stand between Shanghai and the Cantonese armies, have suffered severe reverses. He predicts a decisive battle in the future, however.

May Recognize Cantonese

Washington reports that Dr. Alfred Sze, Chinese minister, is preparing to close the legation, which in some circles is interpreted as indicating that the United States is preparing to recognize the Cantonese government.

New reports of looting and depredations against Americans is reported from Foochow and Natsje.

Business was resumed by foreigners in Hankow today, but heavy guards were maintained in the business district.

The British preparations for sending a complete division into Shanghai were making progress, despite the opposition of the liberal press.

Britain Sends Troops

LONDON, Jan. 25.—Plans of the British war office for despatching troops to China matured rapidly today.

The liner Minnesota arrived at Portsmouth today to take on a thousand marines. Actual embarkation will start at two o'clock, when the battalion will march the three miles from their barracks to the docks, accompanied by brass bands.

The troop ship is scheduled to sail with the first tide tomorrow morning for Shanghai, going via Hongkong.

Major-General John Duncan, veteran commander in the Gallipoli campaign during the World War, who yesterday was appointed to command the "Shanghai defense" forces, is sailing today aboard the liner Megantic from Liverpool with his staff.

The departure of the defense forces for Shanghai will proceed steadily from tomorrow as fast as the troops are equipped and transportation made ready.

Denies Defeat

LONDON, Jan. 25.—General Sun Chuan Fang, leader of the Chekian forces, who stands between the Cantonese and Shanghai, today sent an official statement to his representatives here denying reports that his army had suffered a heavy defeat at the hands of the Cantonese at Lanchi.

The Lanchi fighting was merely skirmishing, the statement said, and the real battle will come if and when the Cantonese army reaches Chuchow.

Anti-Evolution Bill Bobs Up

(International News Service)
CHARLESTON, W. Va., Jan. 25.—West Virginia's anti-evolution bill, which suffered a smashing blow in committee before it could get on the floor of the state legislature here recently, today bobbed up again in the guise of a measure designed to prohibit teaching of "any nefarious matter," in the state's schools.

The Measure, presented by Delegate street, of Barbour county, proposes that the state forbid the teaching of "Darwinism, Atheism, Agnosticism, or any nefarious matter," and provides as a penalty the immediate dismissal of any instructor guilty of advancing such instruction.

A previous anti-evolution measure was shelved in committee

Successor To Barfod Named

(International News Service)
HARRISBURG, Pa., Jan. 25.—Gov. John S. Fisher today appointed Frank J. Gorman of Philadelphia, as a deputy in the state department of banking and assigned him as chief of the bureau of securities in the department. Gorman succeeds Elnard Barfod as securities chief.

Judge Lindsey Plans To Fight

Will Combat Ouster Proceedings In Colorado Supreme Court

HAS 15 DAYS TO FILE HIS APPEAL

(International News Service)
DENVER, Jan. 25—Ben B. Lindsey, founder and judge of the Denver juvenile court, made the statement today he would fight the ouster proceedings now in progress against him to the very end. He had been given the usual fifteen days in which to file an application for a rehearing.

According to the decision of the Colorado supreme court, Lindsey was not rightfully elected in the November election of 1924. The late Royal R. Graham who started the legal action against him was elected, the court decided.

The appointment of a judge to fill the place of Lindsey is in the hands of the board of county commissioners of Denver county, it has been announced by Mrs. Lena M. Bangs, librarian for the Denver Bar association that no action will be taken by the commissioners until all legal developments have been taken care of.

RIVER BOAT TURNS OVER

(International News Service)
PITTSBURGH, Pa., Jan. 25.—Three persons narrowly escaped death, and damage which today was estimated at $50,000 resulted when the steamer Beacon, two deck river boat, turned over on its side and sank in the Youghiogheny river at Dravosburg, near here, according to word received here today.

Loyle Wright, 38, mate, his wife, Isabella Wright, 27, and the latter's sister, Mrs. Teresa Roberts, 25, of Point Pleasant, W. Va., all clad in night clothes, escaped as the boat settled over on its side when Wright leaped to the dock near which the boat was moored, and succeeded in drawing the others to safety.

The steamer, the property of the Pittsburgh Coal Company, sank, only a part of the hull being visible above water.

GIVEN $5,000 HEART BALM

(International News Service)
CADIZ, O., Jan. 25—A judgment of $5,000 was awarded Alfred Smylie of Cadiz against J. T. Liggett, a Hopendale, O., coal operator, in the formers' heart balm suit today by a jury in county court. Smylie charged Liggett alienated his wife's affections.

Proposes Bond Issue For State

(International News Service)
HARRISBURG, Pa., Jan. 25.—A joint resolution was introduced in the house of representatives today by Representative Sterling, of Philadelphia, amending the state constitution by increasing the bonded indebtedness fifty million dollars for state-owned institutions.

The same resolution was passed in the special session of the 1926 legislature and if passed this session will go to the voters.

Proposes Changes In Registration And Election Provisions

By WILLIAM B. BROWN
International News Service Staff Correspondent

HARRISBURG, Pa., Jan. 25.—In conformity with recommendations made by Gov. John S. Fisher in his inaugural address pertaining to election and registration law revisions four more bills were in the state senate hopper today.

The four bills, of which Senator Frank J. Harris, of Allegheny county is author, would revise the registration laws. They were introduced at the hour's session of the upper body last night.

Two of these refer to third class cities, one of which would fix the final registration date in odd-numbered years as the ninth Saturday before the November general election instead of the eighth. It was proposed with the intention of giving the registration boards more time in which to check the lists and make the necessary corrections before the primary election.

The other bill would eliminate the age of registrants on the lists, proposed in a similar bill introduced last week.

By provisions of a third bill voters in first and second class cities would be allowed to register on any day up to two weeks before the primary and general elections by appearing at the office of the registration board. It also provides that in cases where the registrant

Senate Rejects Appointment Of Cyrus E. Woods

Pennsylvanian Is Not Approved For I. C. C. By Senate

By WILLIAM K. HUTCHINSON
International News Service Staff Correspondent

WASHINGTON, Jan. 25.—President Coolidge was seeking a new appointee for the Interstate Commerce Commission today as a result of the senate's overwhelming rejection of Cyrus E. Woods of Pennsylvania, named by the president at the behest of Pennsylvania influences.

Although the President and Secretary of the Treasury Mellon threw all their political resources into the fight, the senate refused to confirm Woods with as little compunction as though he were a village postmaster instead of a former ambassador to Spain and Japan. The vote of rejection, 49 to 28, confirmed the exclusive poll carried by International News Service, predicting Woods rejection by a vote of approximately 54 to 30.

The senate's action, to many political observers, definitely marked the extent of the split between the executive and the senate. Administration leaders admitted afterwards that no executive within memory had suffered so crushing a defeat on a personal appointment after making so valiant a fight as was made for Woods. Some leaders even described the vote as the worst blow to Coolidge prestige since he entered the White House and as certainly the worst defeat suffered by the Mellon interests since the Republicans returned to national power in March, 1921.

Release Part Of Chaplin Property In New York City

Chaplin Property Valued At $600,000 To Be Released According To Agreement

(International News Service)
WASHINGTON, Jan. 25.—Attorneys for the internal revenue bureau and counsel for Charlie Chaplin today reached an agreement to release approximately $600,000 of the film comedian's property in New York.

Chaplin's California funds and properties will not be released, thus preventing Mrs. Chaplin from obtaining alimony granted by a state court.

Counsel for Chaplin will post bond in New York within 48 hours to effect the release of Chaplin's funds tied up by government liens to secure payment of additional income tax.

DEWEY GETS STATE POST

(International News Service)

No Secrecy In Browning Case

Court Rules That Notoriety Given Case Doesn't Justify Secrecy

NO SECRECY IN BROWNING CASE

(International News Service)
COURT HOUSE, White Plains, N. Y., Jan. 25.—Justice Albert Seeger today ruled that the trial of the separation suit of "Peaches" and "Daddy" Browning will be open to the press and the public and that there will be no secret session.

Young girls of the adolescent age will be barred from the court room, however, the judge announced.

"I have been asked by both sides to hold this trial in chambers because it involves the private life of the two litigants and also because Mrs. Browning is under age and therefore a ward of the court," said Judge Seeger.

"I have given this matter overnight consideration. Considering the publicity that already has been given this case I do not see how any injury can be done to either of the litigants by the trial being open to the public.

"The hardest thing for me to decide was the matter of the court's protection of Mrs. Browning on the ground that publicity in this case would hurt her and affect her future life. I believe she can not be injured any more than she has been through a public hearing."

Counterfeiting Gang Believed Caught In Net

(International News Service)
PITTSBURGH, Pa., Jan. 25.—A network of counterfeiting activity, spread throughout northwestern Pennsylvania, was believed uncovered by Federal secret agents here today following the arrest of a man and two women at Allison Park, Pa., and Butler, Pa., last night.

The man, lodged in jail at Butler, Pa., gave his name as Frankel James, 40, of Philadelphia, and the women identified themselves as Mrs. Margaret Cavil and "Mrs. Horn," the latter apparently about 15.

According to Federal agents, Punxsutawney, Indiana, New Kensington, Blairsville and the district nearby were flooded with spurious $20 bank notes, a quantity of which it was charged, was found on James' person when he was arrested.

Federal agents working under Fred Gruber here checked the operations of a gang in the district, and were instrumental in the arrest of the three now held at Butler.

To Train Coaches At Gettysburg

(International News Service)
GETTYSBURG, Pa., Jan. 25.—In an effort to help meet the demand for coaches of athletics of all kinds in the high schools of the county an extensive course in physical education will be instituted at Gettysburg College here when the fall term opens next September, officials of the school announced today.

The physical education courses will be required of all men of the freshmen and sophomore classes.

Young Wife On Witness Stand In Court Trial

Tells Of Incidents Leading Up To Her Marriage To "Daddy" Browning

LARGE CROWD IN COURT FOR TESTIMONY

"Peaches" Seems Quite Composed After First Few Moments Of Questioning

FRANCES BROWNING

(International News Service)
WHITE PLAINS, N. Y., Jan. 25.—"Peaches" Heenan Browning, attired in a blue silk dress and a little blue hat, "took" the witness stand in her suit for separation against Edward W. (Daddy) Browning at 10:35 o'clock this morning.

The 16-year-old child bride looked about the courtroom timidly as she sat in the witness chair. Her hands went to her forehead to smoothe back her blonde hair time and again.

Te direct examination of Peaches was begun by Henry Epstein.

Q. Mrs. Browning, do you recall how you met the plaintiff, Edward West Browning?

A. I do, at a dance at the Hotel McAlpin, I met him on March 5, 1926.

Q. Was Edward West Browning at the dance when you arriyed?

A. He was not. He came in at 11 o'clock.

Q. Did he have a girl with him?

A. No.

Q. Was he greeted by young women when he came in?

A. He was. Many greeted him.

Q. Did you greet him?

When things are breaking badly for the average citizen, when he feels that he's the victim of a group of wily men, when the street cars keep him waiting, or the gas bill's rather high, when the bobbed haired flapper maidens steal a smoke upon the sly, here's the answer that he gives you, as he clears his angry craw, "something should be done about it, we should have another law." Makes no difference what the trouble, laws he thinks will make it right, though the laws we have, if stacked up make a pile that's out of sight. He imagines that there should be legislation on the spot, and he'll ask some one to draft it, and to pass it like as not. Now the fact is there are lawbooks that the lawyers seldom see, if they read the laws that's written, they'd be busy as could be, for another quarter century, and most usually they say, there's enough of laws already, weather's 33 today.

Football Team To Dine Tonight

New Castle High Football Team To Be Banqueted In Senior High Tonight

DR. CLYDE C. GREEN AS TOASTMASTER

Members of the New Castle High 1926 football team will be banqueted tonight in the cafeteria of the cafeteria of the Senior high school. The banquet is scheduled to get under way at 6:30 o'clock.

A delicious outlay of food awaits the gridders tonight, with turkey and all the trimmings already on the fire and being toasted to a turn. The menu as announced by Principal Frank L. Orth today is as follows: Fruit cocktail, turkey, mashed potatoes, baked corn, pineapple, sherbet. Thousand Island dressing, rolls, olives, celery, ice cream, cake and coffee.

The program that will follow the banquet proper will find Dr. Clyde C. Green, superintendent of schools as the toastmaster, and will have for speakers: Harry Robinson, retiring captain, Jack Christman, captain-elect; William Klee, "Peg" Thomas, George F. Thomas, Robert Millison, Ralph H. Gardner, Coach Phil. H. Bridenbaugh and Student Manager Hoag.

The principal address of the evening will be made by Dr. H. E. Zerner who acted in the capacity of team physician during the past year and who is one of the real boosters for the team. Dr. Zerner has prepared a fine talk for the boys, and one that will be characteristic of the jovial doctor.

Colored Legion Plans Minstrel

Would Use Voting Machines

Senator Harris also introduced the joint resolution passed for the first time during the special session of 1926, providing for an amendment to the state constitution for the use of voting machines in counties where they are approved by popular vote. The amendment, if passed the second time, must be presented to the voters for a referendum at the 1928 general election.

Considered as one of the most drastic pieces of legislation so far introduced in the present session of the 1927 General Assembly for the revision of present laws was an Anthracite Examining Board bill thrown into the hopper of the upper house by Senator George Woodward, of Philadelphia.

Under the Woodward bill, the Anthracite Boards of Mining Examiners would be composed of three members instead of nine as at present. The three members on each board would be appointed by the Governor, instead of being elected. Each member would receive $10 a day instead of $3 as at present. The bill also specifies that all the present boards are to be abolished within 10 days after the passage of the bill and that the executive appointments shall be made within that time.

A change in requirements of miners applying for certificates to the boards also is embodied in the bill, in that the applicants may have two years' experience in any mines in the country, instead of being limited to Pennsylvania mines.

Among the other bills introduced in the senate were:

Woodward, Philadelphia — Providing for merger of special funds in State Treasury into general fund.

Boyd, Montgomery — Limiting borough rates, to 15 mills for general borough purposes.

Lamb, Venango—Proposing that all township roads be classified into two groups, one including main highways which would compare with present township system of roads, and the less important roads which not be maintained by township supervisors, but by those using the roads.

Schantz, Lehigh—Setting salary of poor directors in third class poor districts at $1,500 and in fourth class districts at $750.

Pfischner, Allegheny — Authorizing Highway Department to build sidewalks where the occasion demands, while constructing new highways through unincorporated towns and villages.

Woodward, Philadelphia — Prohibiting Building and Loan Associations from investing their funds in syndicated loans to other groups of individuals, corporations or associations.

Woodward, Philadelphia — Requiring that applicants for divorce be "domiciled" instead of merely "residing" in the state for a year.

Lab, Venango — Amendments to the Teachers' Retirement Act providing for eligibility for men and women after they have severed their connections with the public school system, and broadening the restrictions to let any one be eligible for retirement on pension who has spent thirty years teaching, fifteen of which must have been spent in this state.

COLLEGE CLASSES ARE RESUMED IN NEW WILMINGTON

(Continued From Page One)

the path of danger from possible falling walls.

The two safes of the college are still in the ruins today, and it is not yet known what can be salvaged from them in the way of papers and school records.

Hundreds of letters and telegrams are pouring into New Wilmington, for President Wallace, of the college, coming from friends of the school, heads of other colleges, alumni and former students, all extending sympathy and pledging support to the United Presbyterian school in the emergency.

Students Carry On.

Students of the school are still rather stunned by the disaster that has befallen the school in the destruction of the main college building, but there is no wavering in their loyalty. Despite the situation that confronts them there is an unbroken spirit of "carrying on" in a way that will aid in a newer and greater college rising out of the ruins of "Old Main."

President W. Charles Wallace, said today, that arrangements are being made for calling an early meeting of the board of trustees of the college, to determine what steps are to be taken immediately towards meeting the emergency that has been caused, and towards rebuilding.

Headquarters of the college president and the faculty have been temporarily established in the Conservatory of Music building.

While the board of trustees has not yet had any meeting, the following statement was made by Dr. A. R. Robinson, of Pittsburgh, president of the board, last night:

"Without having consulted Dr. W. Charles Wallace, I should think in my own estimation, that we will rebuild 'Old Main.' You know 'Old Main' is the original building of the college and it carries with it all the old associations of life at Westminster. I think there is no question that as much as possible of 'Old Main' will be restored."

Dr. Robinson stated that a meeting of the board would likely be held with Dr. Wallace in attendance within the next few days to consider what action to take to remedy the damage caused by the fire. As most of the trustees reside in Pittsburgh the session will very likely be held in that city, he said.

Guilty Second Time In Murder

MEADVILLE, Jan. 25. — With the jury out less than an hour a verdict that again found Elmer R. Anderson guilty of the murder of Edward J. Schrubb, near Belleview, Fla., in April, 1925, was returned in court at Ocala, relatives of the murdered man here have learned.

Anderson was first tried in May, 1925, at which time he was found guilty of first degree murder and was sentenced to die in the electric chair. He appealed for a new trial however, and the second verdict, returned last week, carried with it a recommendation of life imprisonment instead of death by electrocution.

Schrubb, a brother of Night Captain Jacob Schrubb of the Meadville police department, was found murdered in a taxicab along a lonely road near Belleview, Anderson being arrested sometime later at Nashville, Tenn.

Still Negotiation On Labor Dispute

Head Of Contracting Firm To Arrive Today To Aid In Settlement

Status of the strike at The Castleton remains unchanged today, although the electricians returned to work at noon Monday pending a possible adjustment of the trouble, which would eliminate non-union men from the job. It was stated this morning that it was possible that they might be pulled off this evening if there was no evidence of progress in the matter of adjustment.

Negotiations between representatives of various crafts affected, T. J. McMichaels, business agent of the Building Trades Council, Marcus J. Kintz, representing the H. J. Conrath Company, general contractors, and representatives of the owners of the building were continued Monday afternoon at the Building Trades and Labor Assembly hall but without result. Among those participating in the conference were S. P. Tobin, international representative of the Iron Workers, and Louis Conti, representative of Local 674, Youngstown, O., of the Hoisting and Portable Engineers.

According to T. J. McMichael, business agent of the Building Trades Council, H. J. Conrath, head of the H. J. Conrath Company, has stated that he will be here Wednesday morning for the purpose of entering into a conference for the adjustment of the strike.

Mr. McMichael, in a statement this morning, said: "There has been a mistaken impression given by the statement that all unions affected require arbitration of labor disputes, particularly in what is known as sympathetic strikes, and if this is impossible, then the referring of the trouble to the international organizations, before a strike is called. Matters of wages or jurisdictional awards can be adjusted by arbitration or through the offices of the international organizations. There is no requirement in the Building Trades department or any of the unions affected which requires such a move in the adjustment of trouble over the employment of non-union men. Union men require that all men employed be union members. There is never any cause for arbitrating the proposition of whether union men shall work with non-union men."

YOUNG WIFE ON WITNESS STAND IN COURT TRIAL

(Continued From Page One)

A. I did not.

Q. Did you meet him?

Introduced to Him.

A. A girl I had known introduced us and he asked me to dance. Then he asked me to let him come to see me.

Peaches spoke in a low voice at first, but after she answered her voice gained power and she seemed more at ease.

The throng in the court room was listening to every word intently.

"Peaches" was given a drink of water. In a more confident manner she replied to further questions by Epstein.

Q. When did you next see Mr. Browning?

A. About 10 days later. We went to the Greenwich Village Follies and to a club.

Q. Did you notice anything peculiar about Mr. Browning at that time?

A. Yes. He bought me and my mother huge bouquets of flowers and he had lots of green handkerchiefs in all his pockets and kept pulling them out to give them to ladies.

Q. When did you next see him?

A. Soon after this he took me to a show called "A Night in Paris". It was quite a nude show.

Q. Did he do anything else?

A. Yes. He bought me a book containing pictures of nude women.

Q. Did you keep it?

A. I guess not. I can't find it now.

Q. Did Mr. Browning ever mention marriage to you?

A. Yes. He asked me to marry him on March 27.

Q. What age did you give him?

A. I told him I was only 15.

Q. What did your mother do, or say?

A. She said Mr. Browning was much too old for me and that he must not take up all of my time.

"Peaches" was entirely composed on the stand by now. She replied in a voice that could be heard all over the court room and her answers came clear and swift.

Mysterious Acid Burns.

She was asked by Epstein concerning the mysterious acid burns she sustained last April, a few days before she was married to Browning in Cold Spring, N. Y., by a justice of the peace. Peaches was asleep in bed in the forenoon when some one smeared her face with a burning concoction which has left pink, lumpish marks around her chin and neck. She put her hand to her disfigured face as she answered.

"I woke up and felt quite dazed. It seemed to me that some one had scratched me, so I called a friend on the 'phone. My mother was at work at that time. I told her I thought I was burned. She hung up the receiver and came to me. When my mother came she cried."

Q. Did Mr. Browning ask you to let photographers make pictures of you when you were in bed?

A. He did.

Q. Did you permit it?

A. I did not.

Q. Were reporters admitted?

A. Yes, Mr. Browning let some reporters in and they stood at the foot of the bed.

Q. Did he bring you flowers?

A. Yes, flowers, lots of them.

Q. What did Mr. Browning say when he asked you to marry him?

Let's Run Away.

A. He said: Let's run away and get married. So I said yes, that's fine. I would do most anything to get out of the city.

Q. Who were present when Mr. Browning asked you to marry him?

A. My mother, Mr. Christian, Mr. Dale, Mr. Swint and my nurse.

Q. When was this?

A. April 9.

Q. What was said?

A. Mr. Browning said: Let's go to Cold Spring and be married. So all of us went there in Mr. Browning's car. We got there about 1 o'clock in the morning.

Q. Where did you go?

A. To a house Mr. Dale and my mother had engaged. It was an old house. We went to bed and the next day we drove to a Mrs. Grenlicks.

Q. Then where did you go?

A. I was taken to a farm house owned by a Mr. Grant Rice. Mr. Browning was there on the steps waiting for me.

Q. Then what?

A. We were married by a justice of the peace.

Q. Where did you go then?

A. Back to Cold Spring and Mr. Browning bought me a wedding ring at Peekskill.

Match Box Is Clue

A clip of matches bearing the name of an Omaha hotel, found in the car used by a bandit led to the arrest of George Nolan (pictured above, with inset of match clip) about three hours after a daring holdup in the heart of Omaha, in which a porter for a theatre was shot. Police found the car a mile away, went to the hotel and made the arrest. Nolan has been charged with murder.

USED A SERMON STOPPER

In the ex-Kaiser's pew in the chapel at Potsdam a push-button has been found which his ex-majesty formerly used to ring a bell in the pulpit. When the minister had preached the allotted time the all-highest would ring the bell. The dominie was expected to finish his discourse forthwith, even though he was in the middle of a sentence. That sounds like the old Wilhelm. It was always me and Gott with him, with the "me" part first.

Information from abroad failed to say whether the youth who represented himself as the Prince of Wales while traveling in France tried to make the impersonation by falling frequently from his horse.

Push Campaign For Boulder Dam

(International News Service)

WASHINGTON, Jan. 25.—Confident that the Swing-Johnson bill can be brought to a vote in the house within two weeks, backers of the Boulder dam project today launched anew their campaign for the measure.

The stand taken by President Coolidge for the bill has already swung many doubtful congressmen into line, they asserted.

Rep. Smith (R) of Idaho, chairman of the house irrigation committee, which recommended passage of the Swing-Johnson bill, issued an appeal to congress to do its "plain humanitarian duty" to protect the Imperial valley of California from a disastrous flood.

A chapter is to be established in New York of the Sovereign Order of the Knights of Malta, which was founded before the Crusades and is one of the oldest orders in the world. The New York chapter will be the first created in more than 100 years in any part of the world.

Stop a Little Cold and there IS no Big Cold
SOME day scientists will know the cause of colds; but until that day comes we are sure of one thing: "To avoid a BIG cold stop a *little* one."
For all colds, little or big, the following treatment has been found effective in millions of cases: *(1) A day's rest. (2) A laxative. (3) A light diet. (4) Vicks rubbed on throat and chest.*
Vicks medicated vapors, released by the body heat, are inhaled direct to the air passages; at the same time Vicks acts like a poultice, drawing out the soreness and pain.
Use this treatment at the first sign of every *little* cold and *big* colds will be almost unknown to you.

Mothers' Prayer meeting will be held Wednesday afternoon at 2 p. m. at the home of Mrs. Woods, Andrew street, Clifton Flats. Mrs. John Evans, leader.

Missionary Meeting.

Woman's Missionary society of Highland U. P. church met at the home of Mrs. C. E. Trainor on East Lincoln avenue for the regular monthly meeting. Mrs. Samuel Boughter led the devotional hour.

The meeting was featured by interesting talks by Mrs. W. I. Gillespie, Mrs. T. A. Gilkey and Mrs. D. F. Balph from the chapter assigned from the study book "Moslem Women". Miss Rose Butz and Mrs. LeRoy Mardis reviewed the first chapter of the book "The New Rural Life."

A piano solo by Mrs. R. C. Brown was much enjoyed.

American Insurance Union.

New Castle chapter No. 93, American Insurance Union, will have an oyster supper for members Wednesday evening, January 26, at 7 o'clock in the McGoun hall. All officers who were not installed on January 12 are asked to attend. Initiation will take place followed by a social time.

St. Vitus Church.

Young women wishing to be initiated into the Daughters of Mary of the Solidity will kindly call the secretary Miss Clara Tranquillo, Home street 2819-M.

WOMEN IN OFFICE

THE ladies made a long and valiant fight for equal suffrage with men, which makes it more the pity that since their political recognition their attempts at playing man's politics have been so awkward and fruitless and their administration of public office not of the sort that would sustain the suffragette's claim that government and politics are safer in feminine hands.

After one term Texas was convinced it had had rule by "Ma" Ferguson already too long and elected to succeed her in the governor's chair a young man whose one claim for votes was that he had waged bitter war against the first female administration in Texas. The reception given Governor Moody on his induction into office indicated his was an inauguration on which a whole state sighed with relief.

Texas made a woman governor because her husband had been impeached and removed from that office. When Wyoming's governor died the state made his widow his successor. When a congressman from Kentucky went to prison for violating the liquor laws his wife went to congress in his stead. How much did sentiment have to do in each of these cases?

But the women claim they have not yet had a fair test. They point out that the type of women who are to purify politics are not yet voting in sufficient numbers to bring about that millennium. Of course the men have always made the same claim for themselves. As for the fact that none of the pioneer women governors and members of congress has shown any superiority over the average man in like offices, the ladies argue that the representatives of their sex with which the comparisons are made were not elected solely on their own qualifications so cannot be expected to measure up with those officeholders of either sex who have had to stand upon their own feet in their candidacies.

AID FOR STRANDED AMERICANS

A SURPRISING feature of the report of the American Aid Society of France for 1926 is that its outlay was so small when compared with the immense number of visitors from the United States, many of them in circumstances that were anything but affluent. A certain percentage inevitably lost money, dissipated it or was swindled or robbed.

Faced with destitution in a foreign land, there were but two things to be done usually. One was to cable home to friends or relatives for funds if the fee could be raised. The other was to apply to American Aid. Obtaining employment abroad is usually quite impractical, and that is particularly the case in the "tourist" countries, England, France, Italy and Germany.

The American Aid helped 2842 persons last year, including several hundred French women abandoned by American husbands. Help was given to 423 American students, both young men and women. Seamen also were assisted in considerable numbers. The rest were tourists who were "up against it."

The report indicates that most of these Americans in trouble needed very small amounts. Passage was paid for the return of only 94. Hospital care was given to 136. The total outlay was 318,578 francs, which was an average of only 112 francs apiece, or something less than $5. And of this sum grateful beneficiaries refunded 120,825 francs when they returned home. Thanks of American citizens at home are due to the American citizens abroad who maintain such funds for the relief of their countrymen in distress.

PENALIZING BACHELORS

WHEN Mussolini in one breath excused his dreams of empire by the statement that Italy needs more room for her surplus population and recommended a tax on bachelors that "Italy, a prolific nation, may remain prolific," he made himself appear ridiculously inconsistent but was in nowise breaking new ground.

The tax gatherer has been hotly pursuing the unmarried men of marriageable age since the invention of those troublesome institutions of marriage and taxation. And few nations, since Romulus was a wolf child, have not considered or experimented with bachelorhood taxes at some ancient, medieval or modern time.

When Sparta claimed every healthy child as the property of the state and kept him in armour until he was too old to fight, bachelors were required once a year to parade en masse and without even as much as a bath towel to screen them from the wintry winds and the scorn of the populace. Another punishment imposed on them for their celibacy was exclusion from the women's gymnastic exhibitions. But not even such drastic measures saved Sparta from race suicide.

After the French Revolution the bachelor was denied certain political rights, such as eligibility for election to the senate and was given one vote to the married man's two, but France is still worried by a death rate exceeding the birth rate.

This generation in America cannot recall the time when single men were looked upon with scorn and as unpatriotic, though until quite recently the spinster provoked much derision. While no doubt some married men envy the bachelor, society feels his loneliness deserves sympathy rather than punishment.

But the United States, not being in the business of raising cannon fodder nor troubled by race suicide and a declining marriage rate, is not especially interested in taxes on single-blessedness, except, perhaps, as an emergency revenue raiser.

There will be few citizens of New Castle who will not approve of the action of Mayor Dunlap and Chief of Police Dysart in their order that the sale of the so-called art magazines must be stopped. It is hard to find any plausible reason to present for such publications.

It's all right to take the conceit out of a person, of course, but the job has never been known to be permanent.

THIS IS A FINE LETTER

Mr. Fred Rentz, News Editor,
New Castle, Pa.

Dear Sir:—

Regarding the "Anonymous Letters Writers" you are continually worrying and fretting about I would like to make a little suggestion or two which I believe would ease your troubles and I would gamble either one would get results.

I suppose I will have to consider this a personal letter as I do not imagine you would have the nerve to put it in the "Hints and Dints" and this will be no Anonymous Letter at that.

My first suggestion would be for you to read and consider Dr. Crane's Editorial on the Fourteen Errors of Life, which appeared in the News last Saturday evening, there is truth in every one of those Errors and it would not hurt any one to ponder over them.

Another and a very interesting suggestion is, every once in awhile you wonder why more of the New Castle Citizens do not become members of the Chamber of Commerce, for your information I will state that the majority of the citizens prefer a "Booster" at the head of an organization of that kind instead of an old "Grandmother or a Knocker," do not imagine that all Chamber of Commerce members approve of your position in that organization and I know of several that do not attend on your account and some have even severed their membership, so what incentive is there for anyone to join the C of C, under the present administration at least.

That's that, and here is something else for you to ponder over, you always carry three columns in

A New Chinese Nation.
Stabler's Discovery.
Abie's Rose and Socrates.
When Boys Were Hanged.

By ARTHUR BRISBANE
(Copyright, 1927, By N. Y. American, Inc.

H. G. Wells discovers "a modern, self-conscious Chinese nationality," arising from civil war brigandage and hatred of foreigners.

"A living Chinese nation has appeared in the world," says Wells.

Not yet. It takes more than hatred of foreigners, and fighting among groups, to make a nation.

China has more than 40 different tongues. Chinese from the north and south cannot understand each other. Forty languages, and not one really great, dominating man in sight, does not promise much in the way of national homogeneity.

Russia for centuries stood, as China stands now, a land of many languages, many wars, but no nationality. It took the personality of Peter the Great, following the struggles of Ivan the Terrible, to create the Russia of the czars. And it took Lenin to pave the way for what Russia will be tomorrow, a really great national power, probably the greatest in Europe.

Our provincial statesmen, with their eyes fixed on unpaid Kerensky bonds, may make a note of that.

All the British and American Protestant bodies carrying on missionary work in China agree that what China needs is a "rededication to Bible reading and prayer." Chinese students have attacked Christian churches, and violent hatred of foreigners shown in many ways, cannot be doubted.

The Chinese, undoubtedly, should be willing give up their own religions and religious teachers for ours, but they are slow about it. They must not be judged too harshly. Suppose that in America there were a violent outburst of hatred against China, and at the same time thousands of earnest Chinese missionaries trying to convert our children and women, how long would those missionaries live?

This nation is not overbuilding to any serious extent, and will quickly absorb any temporary surplus in apartment, hotel and office buildings. Throughout the United States in 1927 the building program will amount to more than six thousand millions of dollars, one-sixth of the sum in New York City.

Individual home building will continue on an increasing scale and each house owned by the family living in it means added strength for this nation.

Walter Stabler of the Metropolitan Life Co., which built several thousands of apartments for its employes and others to rent at reasonable rates, with good returns to policy holders, has discovered that moderate rents encourage home building.

There is a waiting list of thousands eager for vacancies in the Metropolitan company apartment houses, and when a vacancy occurs it is usually because the tenant has saved money to buy a home of his own, using rent savings for the purpose.

Those interested in good citizenship and national stability, which includes all of the very rich, would do well to provide for the great crowd living quarters at fair prices.

Rent savings go to buying homes, as Stabler has shown, and every owner of his home is made a better citizen by that ownership.

Those interested in theaters quote the London run of "Chu Chin Chow", 2,238 consecutive performances, as the world's longest, and predicts that another highly intellectual production, "Abie's Irish Rose," will break the record some time next July.

Some one should say a word for Euripides, whose tragedy, "The Bacchae," ran in Athens, with occasional interruption, for 500 years. It was one of the few performances that Socrates thought worth seeing. He would have been much puzzled by "Abie's Irish Rose" and "Chu Chin Chow."

He never knew that there was any such place as Ireland, or China; never heard of any one named Abie.

New York's district attorney advises repeal of the Baumes law, that sends criminals to jail for life if the criminal has been convicted three times previously.

It is discovered that juries refuse to convict and witnesses will perjure themselves rather than inflict what they believe cruel punishment.

Excessive punishment usually whether it be modern life imprisonment or ancient, tearing out a man's eyes, cutting off his nose and lips and pouring boiling oil into his intestines.

When England hanged men and boys for stealing objects worth a certain number of shillings, merchants were sometimes punished because they perjured themselves to keep young boys from hanging, swearing that the article stolen was not worth enough shillings to make hanging the penalty.

What is needed is even, sure, relentless justice, not hysterics.

In Day's News

Lord Inchcape, whose recent criticism of missionary work in China attracted much attention and who now has given 100,000 rupees toward building Angelican church in India's new capital, Delhi, is an eminent British shipping magnate who has had a long and intimate connection with Indian affairs. This connection began in 1874, when he went out as a member of the Legislative Council of the Viceroy. He was a member of the Council of India from 1897 to 1911. Lord Inchcape is a director of the Suez Canal Company, chairman of the British India and P. & O. Steam Navigation companies, and a partner in numerous other shipping lines. In view of his past experience, Lord Inchcape's opinions on affairs in India as well as on mercantile shipping problems are always welcomed by the British Government.

"I'd almost as soon hang out an ice card as put up with this sort o' weather," said Mrs. Lafe Bud, as she thawed out her knees, at th' grocery. If we wuz all as well behaved as a farmer's dog when he comes t' town this would be some world.

Dr. Crane's Editorial

"MOM" AND "POP"

A correspondent wants something done about "pop" and "mom".

He writes: "A dignity and sacredness seem to attend the very words 'mother' and 'father' coming from the lips of the child taught to use them, and are unfelt and unknown where inane expressions such as 'pop' and 'mom' are used."

Some sort of a law or organization or crusade ought to be started, he thinks, and I ought to start it.

But I won't. I gently but firmly decline.

I read the newspaper story of the girl swimmer who conquered the wind and rain and shifting currents of the English Channel.

It is a story of pluck and determination triumphant, but it is more than that.

It is the story of the influence of a girl's admiration and love for her mother.

On the side of the boat which accompanied her she had the words written, "Think of Mother," and when she had triumphed she said to reporters, "She really did it."

When her trainer advised her to give up the attempt as a storm broke and the waves rose near the English coast, she is quoted in one cablegram as saying:

"No, no, I am doing this for mom."

That sort of knocked the props out of a crusade against the word "mom."

It was, there, anything but an inane expression.

Few examples of greater respect and affection have been seen in recent years.

So I don't warm up greatly to the proffered role of being forth faring Coeur de Lion in this new crusade.

For, after all, the important thing about a word is its connotation.

The name is never so important as what is signified by it.

"Mom" with a connotation of affection wins hands down over "Mother" with an accompaniment of cold estrangement.

The attitude is always significant rather than the expression.

Bible Thought For Today

WHERE MAN FINDS WISDOM?:—But where shall wisdom be found? and where is the place of understanding? Man knoweth not the price thereof; neither is it found in the land of the living. Job 28: 12, 13.

The World AND THE Mud Puddles

WHY PAY $1 PER OUNCE?

Notwithstanding the determination which this Nation made at a certain presidential election at which Mr. McKinley defeated Mr. Bryan, that there was to be no free coinage of silver at the United States mints, the Treasury Department, in order to meet the wants of the people, must furnish the people with silver dollars, and fractional silver currency, to say nothing of nickles and pennies. Congress, believing that silver coins should not disappear from the Earth, determined by the Pitman Act that this Government should purchase 14,589,730 ounces of fine silver, the product of the mines in the United States at one dollar an ounce. The Pitman Act provided for the breaking up of silver bullion in the Treasury into coinage of silver dollars. One of the reasons for such provision, the advocates of the bill said at the time of its enactment, was to promote the mining of silver. That, by the way, was the chief argument made by Mr. Bryan and his Free-Silver followers years ago.

The Treasury following the passage of the Pitman Act, apportioned the quantity of whatever silver it bought among the different mines. When the Act was passed, the market value of silver was $1.35 an ounce, but the silver interests agreed that selling silver at a dollar an ounce would profit the industry in the end. The Treasury however, is not carrying out the provisions of the Act. It stopped buying silver long before it bought the amount provided for, although it could have bought very profitably at that time. Now the market price of silver is less than a dollar an ounce, and the American Silver Producing Association is urging the passage of another Bill to compel the Treasury to now buy the balance provided for in the Pitman Act.

The House Committee on Banking and Currency, on January 5th favorably reported a Bill directing the Secretary of the Treasury to complete purchases of silver under the Pitman Act. C. S. Thomas, former Senator from Colorado, and Girard B. Winston, the Under-Secretary of the Treasury, appeared before the Committee preceding the Executive Session in which an agreement was reached to favorably report the Measure. Mr. Winston made some statements at the hearing, before the Committee, which are interesting. It appears that notwithstanding the fact that if the Treasury Department is instructed to purchase the balance of silver provided for in the new Act, at a price more than the market price, yet the Government of the United States, would on the face of it, make a large profit on the transaction. The silver will be minted into coins, having a current exchange value far in excess of the price paid for the bullion out of which the coins are minted. In other words, there is about fifty cents' worth of silver in every dollar, measured in actual bullion value, at a dollar an ounce. If, however, the Government buys, it will cost the Treasury nearly seven million dollars more than if the silver were purchased at the present market price.

It is the same old story of a fifty cent dollar, but the Nation does need pocket coins.

POEMS HOME

BY CHARLES HANSON TOWNE

"Summer Song," by Percy Mackaye.

Mr. Mackaye is justly noted for his community masques and his plays. During the war he wrote some magnificent sonnets—scorching invectives, full of the fire of his righteous wrath. But the tender Mackaye—the poet who loves Nature in all her beautiful manifestations—is the one I like best. He can be as delicate and graceful as Walter de la Mare in a lyric like this. It is good to know that this poet is now a resident professor at a small mid-western college, and will have, during the next few years the leisure to write when and what he wishes. He is a singer who remains silent too long.

The cricket is chirring,
The tree-toad is purring,
The busy frog pipes,
The beetle is whirring,
And curled in his nest,
'Mid the night dew of rest
My wee one is stirring.

Then quick, Fairy Hummer,
Lull my newcomer
Rosy and deep
In sleep, soft sleep,
'Mid the sweets of the summer.

The stars at bo-peeping
Like white lambs are leaping
On the hills of the dark
In the Good Shepherd's keeping:
Their wool is like silk,
And they pour their bright milk
For my little one's sleeping.

Then hush, Fairy Hummer!
Kiss my newcomer,
And cradle him deep
In sleep, soft sleep,
'Mid the sweets of the summer

Would Prohibit Officers Stopping Cars For Sales

(International News Service)

HARRISBURG, Pa., Jan. 25. — Under the provisions of a bill introduced in the house by Representative Lorenzo D. Thomas, of Luzerne county, an amendment would be attached to the state automobile laws which would make it unlawful for a police officer or other persons to signal a driver to stop on the highways for the purpose of selling him tickets for charitable or other purposes or for any form of solicitation whatever. The amendment, however, carries no penalties.

Two Thousand See Performance At Ben Franklin

Some 2,000 friends and patrons enjoyed the exhibition given at the Benjamin Franklin Junior High school auditorium last night by the girls' gym classes under the direction of the girls' physical director, Miss Vera Rummell, and her accompanist, Miss Lolita Williams.

The program was the same that was given at the school during the assembly period several days ago, and so many requests were received for giving the public an opportunity to see the exhibition that it was presented last night before a large and enthusiastic audience.

The program as given was:

Solo dance—Dorothy Patch.

Tactics—Eighth and ninth grade girls.

Coming Through the Rye—14 girls.

Clog dance—Lois Rogers and Jean Twaddle.

Dumbbell drill—40 girls of the seventh grade.

Zephyr solo dance—Maxine McCoy.

Tumbling—Selected group.

THIS IS A FINE LETTER

(Continued From Page Four)

your "Hints and Dints" are you sport enough to carry two columns Hints and Dints and donate the other column to "Public Opinion" or any other name you wish to give it? Several other papers thruout the country carry a column of this kind why not you? So come on Fred be a good sport then we can both "Sling Mud". Here is something else, you are always knocking the labor unions (proud to say I belong to one) the five day week proposition, the unfortunates that do not have work, the CIG smokers, besides a lot of other people, you do not seem to realize but you should, that the majority of these people you are knocking are regular customers of yours and help provide you with the necessaries of life, but that is because they have to as you have no competitor and we the public did not realize the fact when you did have.

You spoke in your Editorial Saturday evening about the "Community at Large" has less use for the anonymous letter writer than the News or the C. of C., yes, I agree with you there Fred but I am of the private opinion that these letters are from one you consider your friends and they simply take this opportunity to tell you what they think and let it go at that. I imagine you at least understand what they mean when you get these letters, so why worry. I know you cannot call this one anonymous and I suppose you know by this time it is not from Joe Bulger, but it is from one of "Those Birds in Mahoningtown" you slurred and insulted in that wonderful (hot air) speech you made at the first community dinner served in the new Cathedral.

As I said before Fred I do not expect to see this in Hints and Dints, but if it should happen to appear, I'll have to say you are a good sport at that, and if you will agree to give the third column of the H & D to Public Opinion I would gladly accept the position as reporter for this column with your permission, salary to be gratis, what do you say?

Absolutely yours truly,
E. T. IRWIN,
302 West Cherry street.

NOTE:—Fred I have a little bet on with some of the fellows down here that you would put this in the Hints and Dints as you were a game bird, so don't make me lose.

Girl Scouts Defeat Union High Girls

The members of the Eagle Troop Girl Scouts had their weekly meeting in the Mahoning school Monday evening. A brief meeting was conducted after which the feature of the evening was a basketball game between the Girl Scout team and the Girl's basketball team of Union High.

A fair audience was present to see the game which proved very one-sided, final score being 50 to 2 in favor of the Girl Scouts. The Union High girls played well considering all the practice they have had, they not having a gymnasium. Foster, Bunell and Turk a substitute made most of the baskets for the Scouts. This was the first game played by the scout team.

Claims Child Was Injured By Brick Thrown From House

Suit Filed By Charles M. Reed Against J. Clyde Gilfillan For $5000

Dorothy June Reed, aged 4, by her father, Charles M. Reed, and Charles M. Reed in his own right, have filed a suit against J. Clyde Gilfillan in which $5000 damages is asked, for injuries sustained by Dorothy, when she was struck by a brick thrown from a window of a house at 726 County Line street.

In the statement of claim it is alleged that Reed had possession of the house by reason of a verbal lease, and that Gilfillan sent men to remodel the house without giving plaintiff any notice that the work was about to be done. Windows and doors were torn out and a chimney torn down. It was while the chimney was being torn down that a brick was thrown out of a second story window, hitting Dorothy on the head and shoulders, and injuring her quite severely. She was under the care of a physician for nine weeks and required nursing for fifteen weeks. It was claimed that $316 was expended in doctor and other bills.

Find Motorists Using 1925 Tags

(International News Service)

HAZLETON, Pa., Jan. 25.—State police today declared positively that they were not springing a new Scotch yarn when they announced that some coal field motorists have been caught using 1925 motor license plates.

The state reversed the colors of the lettering and background this year so that the same coloring arrangement is being used this year as was used in 1925.

A number of canny motorists saved their 1925 plates and brought them back into use for 1927. They have gotten by for a few weeks, but finally were caught. Considerable saving would have been noticed, police explained, had the caught ones bought 1927 plates. The fine is severe.

Legion To Publish Paper February 10

Perry Gaston Post No. 343 of the American Legion will publish the first edition of their new monthly paper the American Legion on or about February 10 as was decided by a meeting of the committee held last night.

The editorial staff includes Chas. Allen as editor and Bart Richards as associate editor and a noted cartoonist. The paper will be issued monthly and distributed free to all ex-service men of whom the local post know the names and addresses.

The plan of the paper is to be self sustaining and without profit to the post or any individual, plans being made to have the amount received from the advertisements balanced by the cost of publication.

The purpose of this little pamphlet of four pages is to bring before the ex-service men in particular and the public in general what the American Legion is and what it has done and hopes to do in the future.

Montreal is a corruption of the French Mont Royal.

Program Makers Of Shenango Presbytery Are Meeting Today

Prominent Local Ministers Attend Meeting In New Castle

ELLWOOD CITY, Pa., Jan. 25.—Committeemen in charge of program and field activities of the Shenango Presbytery had an interesting meeting this morning in the First Presbyterian church of New Castle.

Local ministers attending the meeting were Rev. A. M. Stevenson, Rev. Paul Elliott, Rev. John A. King and Rev. Charles Bell, D. D.

The object of the meeting was to lay the foundation for a plan which, when completed, will aid greatly in stimulating the social and religious activities in the 27 churches that make up the Shenango Presbytery.

The idea is to appoint a committee or a small team whose duties will embrace visiting the various churches in the presbytery to check up the attendance, growth and various activities and to stimulate departments inclined to slump a trifle. The committee firmly believes that this is just as necessary to a church as to any business firm employing efficiency experts for the betterment of good standards.

Machine Is Damaged; Owner Asking $187.18

John W. Black of this city has filed a suit against the Kittanning Buick Company to recover $187.18, alleged damage to an automobile struck by a machine driven by an agent of the defendant company. Black alleges that he was driving on the New Castle-New Wilmington road. There was a surrey in front of him, another machine behind him and back of it the Kittanning Buick Company machine.

Black says he drew out to pass the surrey and the Kittanning machine crashed into him without giving an notice that it was going to try to pass. The machine was driven on without stopping. Black's machine was badly damaged. It is claimed that the Kittanning Company machine was being driven at a high rate of speed and was being operated in a careless manner.

A cow with a wooden leg is to be seen among the stock on the farm of Miss Anna Penrose in New South Wales. The animal broke its leg when 18 months old, and Miss Penrose put the limb in splints. This not proving successful, she amputated the leg herself, and devised an ingenius artificial limb to take its place. The cow is now eight years old and in perfect health. She has had three calves and is one of the best milkers in the herd.

INTRODUCE MANY BILLS

Flood Of New Measures Introduced At Brief Session Of Legislature

By ROBERT F. GORMAN.
International News Service Staff Correspondent

HARRISBURG, Jan. 25.—Following a half hour session of the house of representatives last night adjournment was taken until this morning out of respect to the memory of Edward Lee Allum, representative from Mercer county, who died last week.

During the short session, however more than a hundred bills were presented and 50 bills presented last Tuesday were referred to committees. The house also listened to a defense of Representative Wilson G. Sarig of Berks, on behalf of legislators who were attacked in a speech in Reading last week by Dr. Daniel J. McCarthy of Philadelphia who charged that the legislature was not taking proper interest in the proposed $50,000,000 bond issue for hospital and insane instiutions. Sarig said that a study of the record of the 1925 session showed that both the house and senate had passed the joint resolution authorizing the issue.

Speaker Thomas Bluett apparently becoming weary of the "waiting" policy in the house urged the committee members to get together as soon as possible and act on the measures before them. As a result the house judiciary special committee held a short session following adjournment of the lower house.

A Sunday amusement bill providing for a referendum vote by counties was introduced in the house by Representative Voltz of Philadelphia. The measure provides that the people be permitted to vote on the question of Sunday football, baseball, golf and tennis, on the question of whether the county shall license clubs and associations which engage in such sports on Sunday and on the question of licensing associations, firms and partnerships producing concerts, motion pictures and other amusements after 7 p. m. Sundays.

Another bill introduced by Voltz would place an additional one cent tax on gasoline, bringing the tax to three cents after July 1, 1927. This bill is in compliance with a suggestion made by Gov. John S. Fisher in his inaugural address.

A uniform traffic signal bill similar to the one contemplated as a part of the Hoover motor code, was introduced by Representative Watson of Schuylkill county.

Registration of motor drivers in the state would be impossible for persons who cannot show the state highway department they are personally responsible to pay $2,500 for one person injured or killed, $5,000 for any number of persons injured or killed and $1,000 for property damage under the terms of a bill introduced in the house by representative Conner of Philadelphia.

Other bills introduced in the house include:

Hefferon, Luzerne, requiring counties of second, third and fourth class to create pension funds for employes.

Bell, Allegheny, making it unlawful to operate motor boats on any lake less than three miles wide or three miles long.

Hefferon, Luzerne, appropriating $75,000 to the Pittston Homeopathic hospital.

Moore, Washington, appropriating $50,000 to the Washington Hospital Association.

Rhodes, Monroe, abolishing the taxes on horses and meat cattle.

Miller, Philadelphia, permitting the employment in pool rooms, billiard parlors and bowling alleys of minors under 18 years when they are employed in accordance with the labor laws regulating the employment of minors.

Voltz, Philadelphia, fixing a prison sentence of from 30 to 40 years for train robbery.

Pethick, Wayne, appropriating $10,000 to the Wayne county hospital at Honesdale.

Gelnett, Perry, providing that all county and township bridges shall be taken over by the state when they are located on state highway routes.

Report Fourteen Sailors Drown

(International News Service)

GIJON, Spain, Jan. 25.—Fourteen sailors were drowned and five rescued when the steamship Retuerto was thrown on a reef near the village of San Esteban Deprazia during a violent storm.

The steamship lost her rudder and broke in half when she struck the reef. Observers on shore were unable to send relief to those clinging aboard the wreckage for several hours due to the fury of the seas. When it was finally possible to send a lifeboat out, there were but five of the crew of the ship still alive.

Eagles Were Drinking 'Rotten' Booze Says Government Chemist

PITTSBURGH, Pa., Jan. 25.—Of the large quantity of liquor confiscated by Prohibition Administrator John D. Pennington's agents, who raided 22 Fraternal Order of Eagles' lodges December 23, only two pints were worth drinking, and even those two were doubtful, according to an analysis of the contraband made by G. E. Mallory, chemist of the prohibition office. Mallory recently made a report on the analysis to Pennington.

One of the pints that might have been good was on prescription and was found in the Monessen club. Mallory reported it smelled good and had many good points but lack of time would not permit a complete analysis.

As to the rest of the stuff, Mallory said the Eagles had been drinking "rotten wine, rotten beer and rotten moonshine."

Russia Holds On To Wrangell, Island Paid For By Americans

By CHARLES P. STEWART.
Exclusive Central Press Dispatch to New Castle News

WASHINGTON, Jan. 25.—The Lomen brothers, of the Lomen Reindeer and Trading corporation, of Nome, Alaska, hold the only regularly bought-and-paid-for title to Wrangell Island, but the soviet government of Russia holds the island itself.

Wrangell island is no farming country.

It's as cold a bit of landscape as there is on earth. It lies in the Arctic ocean, about 100 miles north of the Siberian coast and 400 miles northwest of Being Strait, well on its way to the North Pole.

Yet Russia considered it well worth grabbing and the Lomens emphatically want their island back.

* * *

Despite its climate, Wrangel island has its good points.

It's a great place for furs. Its thirty-four or five hundred square miles will support a lot of reindeer. Its waters are alive with fish. Walruses by the thousand make their headquarters along its coast.

Most important of all, it's on the aerial main line, from nearly everywhere to almost everywhere else, across the North Pole. From the British Isles to Japan, for instance, is too far for a plane to hop over the pole, but it can do it nicely with a stop at Wrangell.

When trans-polar flying becomes e rage, Wrangell island will be he most important way station on the route.

* * *

"It's valuable," said President Carl J. Lomen of the Lomen brothers company, in Washington the other day, "for its fur and its fish and ist reindeer pasturage, but nobody can estimate what it will be worth, as aviation develops, as a 'pied a terre' for planes bound over the top of the world.

"What's Malta?" continued Lomen. "Just a little rock in the sea. As an island, not of much account. But strategically, it's the naval key to the Mediterranean. That's what Wrangell will be to Arctic aviation."

So when Vilhjalmar Stefansson, hard up at the time, offered to sell the island to the Lomens in 1923, they paid him some thousands for it and considered that they'd made a good buy.

It was a maverick island when Stefansson roped it. A Canadian, he stamped it with the British brand. The Lomens, Americans, rubbed this out and re-branded it with the stars and stripes.

* * *

But the Russians actually got to it before the Lomens did.

The Lomens had an ordinary boat, which had trouble with the ice. The Russians used an ice-breaker, which crashed right thru. They took off Charles Wells, a white American, and 12 American Eskimos whom the Lomens had acquired as colonists from Stefansson, when they bought him out. They also appropriated $10,000 of the Lomens' furs.

Wells and his Eskimos next turned up at Vladivostock, Wells according to the Russians, sick.

"Unless something's done pretty quick," urged Carl Lomen upon the state department, "Wells will die. Eskimos tell no tales."

But the state department couldn't do anything, because it never had recognized the soviet government. Wells accordingly died. The Eskimos were deported to China and subsequently got back to Alaska. They don't know exactly what did happen, as Lomen predicted they wouldn't.

* * *

Wrangell island has been visited several times since Baron Wrangell looked for it but didn't find it in 1821, but nobody ever bought it for cash until the Lomens did. Now Russia has gypped them out of it, and until the state department recognizes the Moscow government, they can't do a thing.

Rheumatism!

You Must Get Quick Relief or Money Back Says McKee's Kut Rate Store and Eckerd's of New Castle, Inc.

Every druggist in this county is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenrhu, the enemy of rheumatism, does not show the way to ease the agony, help reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenrhu has been tried and tested for years, and really marvelous results have been accomplished often in the most severe cases where the suffering and agony was intense and piteous and where the sufferer was almost helpless.

Druggists everywhere guarantee it as above in every instance

Stomach Trouble Gone Bakes 40 Pies

"I was a nervous wreck with stomach trouble. Had dizzy spells and could scarcely walk. I began taking Adlerika, and now I run a restaurant and bake 40 pies a day. When my friends ask how I do it, I tell them about Adlerika."—Mrs. L. Amrol.

Adlerika differs from most medicines because it acts upon BOTH upper and lower bowel. It gives the system a REAL cleansing, and clears out old poisons which usually cause sour, gassy stomach, nervousness, sleeplessness, headache. Just ONE spoonful stops GAS, and relieves that full, bloated feeling so that you can eat better and sleep better. Even if bowels move daily, Adlerika brings out much additional poison which you never guessed was in your system and which may have long caused trouble. No matter what you have tried for stomach and bowels, Adlerika will surprise you. At leading druggists. In New Castle at Love & Megown's.

your doctor will tell you the power of this valuable Tonic

There are dozens of so-called "tonics" in the drugstore, most of which the medical profession laughs at. But there is *one*—Gude's Pepto-Mangan—that has been prescribed by physicians regularly for over 34 years.

Your doctor will tell you why, if you ask him. He'll explain the tremendous tonic power of this special combination of organic iron and manganese. He'll tell you how quickly assimilable it is, acceptable to the most sensitive stomach. He'll tell you that before physicians prescribed it its prompt tonic action was demonstrated by hundreds of scientific tests.

This is expert advice—the best advice you could get. Your druggist has Gude's Pepto-Mangan in both liquid and tablet form.

What Doctors Say:

"I have obtained very good results with Gude's Pepto-Mangan."

"I have used Gude's Pepto-Mangan (liquid) for about 25 years and have recommended it professionally to scores of people in need of a good tonic, with very gratifying results."

Plan Steps To Check Pneumonia

Made Reportable Disease In State—Hope To Isolate Cases Also

Pneumonia his been made a reportable disease by the Advisory Health Board of the Pensylvania Department of Health and all cases of pneumonia shall be isolated and wherver such isolation cannot be accomplished or maintained the premises shall be placarded and tne household quarantined according to word from Charles H. Miner, M. D. secretary of health of the State of Pennsylvania.

Pneumonia ranks first in the list of infectious diseases as a cause of death. In 1925 it killed 11,918 persons in Pennsylvania, more persons than died from tuberculosis, typhoid, measles, whooping cough, diphtheria, scarlet fever and smallpox combined or over five times as many as were killed by automobile, coal mine and railroad accidents combined.

Pneumonia each year in Pennsylvania almost as many persons as live in Beaver Falls—a whole city wiped out in a year.

And the average death rate from pneumonia for the past five years sows only a decrease of 8 percent from the average of the period 906-1910, whereas the general death rate of the state was decreased 18.5 percent.

The problem of pneumonia prevention is before us and must be met says the state department of health. The results of publicity by the state are dependent upon the complete co-operation by physicians in isolating and reporting cases. The result of these endeavors will be the arly and more complete seeking of medical service by persons wits colds and pneumonia and a reduction in the death rate from pneumonia.

The scorpion will commit suicide when threatened with burning.

Plan Funeral Of Miss Clark At Pittsburgh

(International News Service)

PITTSBURGH, Pa., Jan. 25. — Funeral services for Miss Mary S. Clark, former Pittsburgh woman whose body was found on the beach at Cape May, N. J., recently under circumstances which indicated murder, will be held here, it was announced today by Joseph P. Fisher, Jr., a cousin.

Fisher gave Cape May authorities permission to open Miss Clark's baggage at a railroad station there in the hope that some further clue to the circumstances under which the wealthy spinster met death may be uncovered, he said, and he plans to bring the body here for burial. Fisher is in communication with Howard S. Clark, a brother of the victim, at Weaverville, Cal., he said, and he expects the brother to come here for the funeral.

Police Search For Stabber At Bellaire, Ohio

(International News Service)

BELLAIRE, O., Jan. 25.—Police today sought Joe Ballier, 35, Bellaire miner, who, it was alleged, stabbed John Anderson, 40, also of Bellaire, during a quarrel. Anderson was taken to a local hospital suffering from two wounds in his abdomen. The two quarreled over a ferry boat seat.

Senate Adjourns Until Monday

(International News Service)

HARRISBURG, Pa., Jan. 25. — The state senate adjourned at 12:05 p. m., today until Monday night at 9 o'clock after having convened at 11 a. m., and adopted the slate committees report on senate patronage for 1927 and reported a dozen bills out of committees.

Your Income Tax

Income Tax in a Nutshell:

WHO? Single persons who had net income of $1,500 or more or gross income of $5,000 or more, and married couples who had net income of $3,500 or more or gross income of $5,000 or more must file returns.

WHEN? The filing period ends March 15, 1927.

WHERE? Collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? Instructions on Forms 1040A and 1040; also the law and regulations.

WHAT? One and one half per cent normal tax on the first $4,000 in excess of the personal exemptions and credits. Three per cent normal tax on the next $4,000. Five per cent normal tax on the balance of net income. Surtax on net income in excess of $10,000.

No. 8.

Under the revenue act of 1926 the maximum amount which may be claimed as earned income, to which a credit of 25 per cent applies, is increased from $10,000 to $20,000. To claim this credit on the tax due on net income in excess of $5,000, the income must actually be earned as "wages, salaries, professional fees, and other amounts received as compensation for personal services."

In computing the earned income credit, the surtax, which applies to incomes in excess of $10,000, is taken into consideration for the first time under the revenue act of 1926. The tax on an earned net income of $20,000 is computed in the case of a married man without dependents as follows:

Net income	$20,000.00
Less Personal exemption	3,500.00
Balance, taxable	16,500.00
1½ per cent on first $4,000	60.00
3 per cent on the second $4,000	120.00
5 per cent tax on remaining $8,500	425.00
Surtax on net income of $20,000	220.00
Total normal and surtax	825.00
Less 25 per cent of $825 earned income credit.	206.25
Balance of tax payable	618.75

The surtax rates apply to net incomes in excess of $10,000. The maximum surtax rate is now reduced to 20 per cent, which applies to net incomes in excess of $100,000, instead of a maximum rate of 40 per cent on net incomes in excess of $500,000, as was provided by the revenue act of 1924.

Fell Through Trap Door Wants $10,000 From Star Company

Devid H. Lewis Alleges That His Injuries Were Caused By Negligence

David H. Lewis has filed a suit against James and Gust Talagonis of Long avenue, trading as The Star Market, for $10,000 damages for personal injuries sustained by reason of a fall through a trap door in the Star Market.

Lewis alleges that on November 3, 1926, he went into the Star Market to make some purchases and that while so engaged he fell thru a trap door that had been carelessly left open. He fell a distance of about ten feet to the basement, sustaining injuries which have since prevented him from following his regular occupation as a tinworker. He figures that he has lost in wages, hospital bills, nursing and doctor bills $428.50, and that he is permanently injured.

One of the elephants at the circus was coughing badly one morning, and the keeper was instructed to give it a bucket of water into which a bottle of whiskey had been emptied.

"How's Sally?" asked the circus proprietor next morning.

"Oh, just the same!" was the reply, "but all the other elephants are coughing now."

District Attorney Asks Re-appointment Of Detective Kennedy

Renders Valuable Service To District Attorney's Office During Past Year

District Attorney J. Elder Bryan has submitted to Judge R. L. Hildebrand, the name of George S. Kennedy for re-appointment as county detective for the ensuing year. Mr. Kennedy was appointed county detective when District Attorney Bryan assumed office one year ago. Previous to that Kennedy had been a member of the New Castle police force.

Since assuming the office of county detective he has rendered valuable service to the district attorney's office and it is in appreciation of his work that District Attorney Bryan has asked for his confirmation as county detective for another year.

District Attorney Bryan is now using constables of the city in carrying on the duties of his office, pending a disposition of the petition asking for the confirmation of Kennedy. Under the procedure here the district attorney submits the name of the person whom he desires to work with as county detective, which appointment is subject to confirmation by the court.

Return Meet With Butler

Walter Kirker, physical director of the Y. M. C. A., announced today that plans were complete for the return meet with the Butler Y. It will be held here February 5 as agreed on with C. H. Bokler, physical director of the Butler Y.

Although he does not yet know what members will take part in the meet, Kirker gives the following as events which will be run:

Basketball—Boys under 14-16-18.

Ping-pong—Four boys under 15 and four under 18.

Volley ball—Business men.

Swimming—Fancy diving, 40-yard breast stroke, 40-yard back stroke, plunge for distance, relay, 100-yard dash.

Checkers and chess for all boys.

Kirker hopes to have the return meet with Coraopolis one week after the one with Butler, on February 12. He is making plans with C. E. Forrest of the Coraopolis Y as to the time and events. This meet will be held in Coraopolis.

Westfield Grange To Give Series Of Special Plays

Members of Westfield Grange have planned a series of plays to be given in their hall during the next month as a part of their winter entertainment.

The first play will be given on Thursday evening, January 27 by the Liberty Grange. The production is a farce comedy entitled "His Uncle's Niece." It is a very laughable affair and all those who attend will not be disappointed in the least with the outcome which will keep every one guessing to the end.

Liberty Grange needs no introduction to the community of Westfield. Those who were present at the play given by them last year, "The Stubborn Motor Car" will want to hear them again.

Home-made Remedy Stops Cough Quickly

Finest cough medicine you ever used. Family supply easily made. Saves about $2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant—children like it, and it is pure and good.

Pour 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified honey, instead of sugar syrup. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid, too, for bronchitis, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract and palatable guaiacol, famous for healing the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

In Trim This Winter?

To Be Fit Keep the System Free From Toxins.

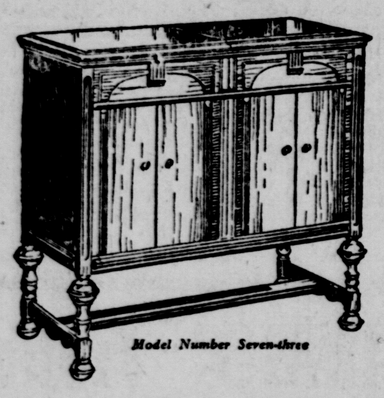

COLDS, chills and changing temperature throw extra burdens on our kidneys. Sluggish function is apt to permit retention of waste poisons in the blood and make one more susceptible to winter's ills. When such retention occurs, one feels achy, tired and listless—is subject to drowsy headaches, dizziness and perhaps a toxic backache. That the kidneys are not functioning properly is often shown by burning or scanty secretions. *Doan's Pills* have earned an enviable reputation in these conditions. *Ask your neighbor!*

"Not Condemned," Basis Of Sermon By Rev. Scripture

Pastor States That Christ Does Not Condemn But Came To This World To Save

The song service last evening at the Hoover Heights Gospel Tabernacle of the Christian and Missionary Alliance was in charge of Charles Anderson. Mrs. Thomas Anderson has been faithfully and efficiently presiding at the piano during the revival services.

The subject discussed last evening by the Rev. Scripture was: "Those Who the Saviour Does Not Condemn". The Scripture read was John 8:1-32 and the text was taken from John 3:18, "He that believeth on him is not condemned: but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God." The evangelist declared that no one desired to be condemned. A number condemned the woman taken in sin, but when Jesus would have those without sin cast the first stone, they all withdrew. Then he told her he would not condemn her, on the condition that she go and sin no more.

So we who would turn others to Christ must first ourselves be thoroughly cleansed from all sin. Jesus did not come to condemn the word for that was already done. Job said that he condemned himself. So must we. Can any say they know nothing in their life that does not condemn? All of us have done things for which we are condemned. So Christ need not condemn, he needs to save, to remove the condemnation. So Christ came to save a world that was already condemned. He took our condemnation on himself that we should not finally perish.

We note that God does not condemn any man. The thing that was and is condemned is sin. That was condemned when it first appeared. It is only when we have sin, when we persist in clinging to it, that we, too, are condemned. So when we believe and trust Christ he removes our sin from us and like the woman we go to sin no more Paul tells us in Rom. 8:1 that "There is therefore now no condemnation to them which are in Christ Jesus". We are placed in Christ when we are born again. This, then, we see, is the secret of living so that Christ does not and will not condemn us.

Service tonight at 7:30. Prayer service tomorrow at the parsonage at two o'clock.

Must Stop Making Right Hand Turns On Red Light

For some time past according to Traffic Officer Thomas Jones, who is stationed at Mill and Washington streets, motorists have been persistently making the right hand turn on the red light.

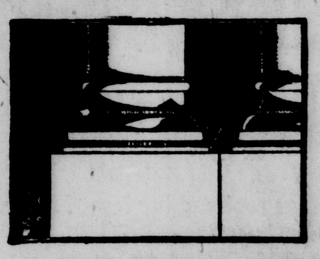

While this has been allowed for a time, it is now proposed to strictly enforce the traffic regulation, which requires that the right hand turns be made on the Green light and not the Red light.

Persons violating this regulation in the future may expect to be turned in and required to pay a fine.

Fire Destroys Gymnasium At Sheakleyville

(International News Service)

SHARON, Pa., Jan. 25. — A short time after a basketball game had been played by Sheakleyville and Jamestown Independent teams fire broke out in the community gymnasium at Sheakleyville during the night and the building was destroyed. It is thought the flames started from an over-heated stove.

Grand Master To Be Visitor

Oil City Man To Visit New Castle I. O. O. F. On Saturday

WILL MAKE ADDRESS TO LOCAL LODGE

New Castle Lodge No. 195, I. O. O. F. will be honored on Saturday evening with an official visitation from John N. Mark of Oil City, grand master of Pennsylvania. He will be accompanied by his wife and the grand marshal and his wife.

The reception committee of No. 195 will entertain the state officers and their wives at dinner at the Elk's Home at 6 p. m.

There will be a short session of the local lodge in the lodgeroom on North Mill street, after which an open meeting will be held to which the wives of the members and friends will be welcome and are extended an invitation to attend. All branches of Odd Fellowship will be in addendance at the meeting, including the Rebekah's and members of the Encampment. Subordinate lodges of the district will also be represented by delegations.

Grand master Mark will lecture on Odd Fellowship and his discourse will be all the more interesting by reason of the fact that his own experience is the best argument for the other that can be given.

An orphan, Grand master Mark was placed in the Orphans Home conducted by the Odd Fellows and spent his early life there, receiving a training that has made him a leader not only in Odd Fellow circles but also in civil life and the political affairs of the district in which he resides.

He, himself, has adhered consistently to the principals of the order and has advanced from the lowest place in the ranks to the office of grand master.

Rev. J. M. Foster Dies In Fredonia

Oldest Minister In Erie Conference Of Methodist Church Passes Away At Age Of 90

Rev. J. M. Foster, the oldest minister of the Erie Conference of the Methodist Episcopal church, died on Monday, Jan. 24, at the home of his daughter, Mrs. R. E. E. Marstellar of Fredonia, Pa., after a two week's illness.

Dr. Foster had just passed his 90th birthday. He graduated in medicine at Columbus, O., and practiced at Clintonville for 12 years before entering the ministry.

He served in active pastorates for 41 years. Among the charges which he assumed in this community were New Wilmington, Volant, White Chapel, Harlansburg, Hillsville and Mahoningtown. All who knew him testify to his high character and wonderful personality.

Surviving him are the following children: Rev. H. C. Foster, Salineville, O.; Mrs. Susie Cox of New Wilmington; Mrs. Hannah Marstellar of Fredonia; Mrs. Alice Potter of Kennerdale, Pa., and Mrs. Edna Hewitt of Sharon.

Funeral services will take place Wednesday at one p. m. from the M. E. church at Clarks Mills.

Cold Gone! Head and Nose Clear

First dose of "Pape's Cold Compound" relieves all grippe misery

Don't stay stuffed up!

Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness. Besides, it is an effective laxative. It keeps the bowels open carrying off the poisons that are making you sick.

"Pape's Cold Compound" is the quickest, surest relief known and costs only thirty-five cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

Aged Man Will Be Returned To His Native Land

Tickets have been received from Italy that Alesio Jadaino, a native of Italy, who now approaches the age of 70, might return to his native land to spend his last days.

Jadaino, who was found in destitute circumstances, since he had no relatives, was taken to the Lawrence County Home last week, but friends today took him to his old home in Hillsville, where he will make preparations for his trip back to his old home where he still has two sisters and friends.

In the many years that Jadaino has lived here he became so attached to his adopted land that he did not want to leave and go back to his old home, according to Mrs. Perry Snyder, matron of the Lawrence County Home.

Tony Smith Dies At County Home

Tony Smith, aged 32, died Monday at the Lawrence County Home, where he was taken some 10 days ago from his residence at 1225 Cascade street.

Smith, who is of Austrian birth, came to the United States about 15 years ago and dies leaving no relatives in this country. He was a naturalized citizen of the United States and served as a soldier in the World War, having enlisted in Massachusetts.

Some 10 days ago Smith, who had been sick for some time, was brought to the attention of the Lawrence County Welfare Association and was removed to the County Home, where his condition did not improve, and finaly he passed away Monday. His death is attributed to heart trouble.

It is likely that his friends will take charge of the funeral services, as he is unmarried and has no family.

Treasurer's Pay Is About $7,500

Has To Pay Expenses Of Help Connected With His Office

PROPOSED LAW MAY REDUCE HIS SALARY

Relative to proposed general assembly legislation which would place city treasurers of third class cities on a salary basis instead of a fee system, city hall attaches today placed the salary of the local city treasurer at about $7,500.

According to the law, the city treasurer not only collects taxes for the city but also for the city school authorities.

The treasurer, on a fee system, is compelled to pay the enpenses of all persons connected with the treasurer's office, which amounts to a neat figure.

The county treasurer is paid $4,-000, annually. It is believed that the proposed legislation will place the city treasurer's pay at the same figure.

U. S.-China Policy Will Be Presented

By MAURITZ A. HALLGREN
International News Service Staff Correspondent

WASHINGTON, Jan. 25. — An important announcement of American policy in China, where 12,000 Americans have been imperilled by civil war and fanatical anti-foreign rioting, is expected from the State Department within the next 48 hours.

Whether it will embrace formal recognition of the Cantonese-Nationalist government, which has gained the upper hand in that turbulent country, remains to be seen.

In any event, International News Service learned today, that Dr. Alfred Sze, Chinese minister to the United States for many years, will close the legation here in a few days and retire, leaving China without regular representation in Washington.

Donnelly Is Made Company Director

It will be of general interest here, and especially to the friends of M. J. Donnelly, local representative of the Edward A. Woods company agency of the Equitable Life Assurance Society, to learn that he has been elected as a director of the Edward A. Woods company for the ensuing year. This is quite an honor as the Woods company agency is one of the largest insurance selling organizations in the world, and to be one of the directors of its activities means something.

Smith's Grit Draws Comment, Battering At Closed Door

By CHARLES P. STEWART
Exclusive Central Press Dispatch to New Castle News.

WASHINGTON, Jan. 25. — Col. Frank L. Smith of Illinois has good nerve anyway.

It takes a great deal of backbone to knock at the United States senate door in face of the practical certainty that the answer will come back, "We don't want your kind; you can't come in."

It's one thing to tumble into a humiliating situation accidentally, like the occasional senator gets in, thinking he's going to be permitted to stay, and subsequently is thrown out. If he'd known he was going to be thrown out, he generally would have stayed out.

It's quite another thing to walk into almost certain humiliation deliberately, like Col. Smith.

* * *

The Colonel is a gritty-looking individual, too.

He arrived in Washington with a considerable flourish of trumpets, a retinue of political advisors, about the nobbiest outfit of raiment the capitol corridors have seen in a coon's age and a bright green hat.

Maybe he wouldn't have worn millinery of that particular color if he'd known what sphere of commercial activity green hats are associated with in congress' mind.

A man was pinched for bootlegging in the House Office Building not so long ago and he wore a green hat. Since then, "Look, the man in the green hat," is the first remark that greets you the minute you appear on Capitol Hill under a sky-piece of the hue of the Irish national emblem.

* * *

If Col. Smith's senator's credentials are turned down, at least he can have the distinction of having had them turned down in a new way.

The usual thing is for a senator-elect to take his seat and then to have his election investigated, if his fellow senators suspect there was anything doubtful about it. But in the meantime he's a senator. He draws pay and votes and can put up a fight for himself. Moreover, once seated, it takes a two thirds majority to expel him.

Smith, however, doesn't get his seat. First the senate investigates. If satisfied, it admits him. If not, he never gets in at all.

Whereas it takes two-thirds to put a senator out, it takes only a bare majority to prevent a man from ever becoming senator.

It's true that some authorities say this is all wrong; that Smith's entitled to the same treatment as any other senator-elect. Smith says so himself. Nevertheless, that's the way the senate's doing it.

* * *

Party lines are badly scrambled on the Smith case, as on so many questions in the last two or three years.

Although Smith's a Republican, numerous Republican senators are against him. They're by no means all of the insurgent Republican brand, either. Many old-liners say they can't stand for that $125,000 contribution to Smith's campaign fund by Samuel Insull, Illinois' big public utility man, at the same time that Smith was head of the Illinois public utility commission.

On the other side, various Democrats are for seating the colonel. They make states' right their slogan. They contend that the senate can discipline a senator only for what he does as a senator. As for his election, it's up to his state to see that that's honest, argue the states' rights-ers, and if it falls down on the job it's none of the senate's funeral.

So if Smith loses, he has his own party to thank for it.

Counterfeiting Charges Made

(International News Service)

BUTLER, Pa., Jan. 25.—Three persons, a man, a woman and a girl, the latter apparently about 15, were held in Butler county jail here today to await the arrival of federal authorities from Pittsburgh to investigate charges of counterfeiting against the three.

They were taken into custody here on charges of passing counterfeit $20 bills in three local drug stores, and when confronted by officials, police said, the man leaped into a taxicab and attempted to escape. He was overtaken by state police at Allison Park, near here.

Lodged in county jail, they gave fictitious names, which the police refused to divulge. The girl is suspected of having been the most active in giving the bills circulation, it was said, the others being suspected of having worked under cover.

Keith To Take Oath Of Office

New Head Of Department Of Public Instruction Is Confirmed

DR. HAAS PRESENTS HIS RESIGNATION

(International News Service)

HARRISBURG, Pa., Jan. 25. — John A. H. Keith, of Indiana, Pa., is expected to take the oath today as State Superintendent of Public Instruction and assume the duties of the department at once in Gov. John S. Fisher's cabinet. He succeeds Dr. Francis B. Haas who resigned last night. Soon after Dr. Haas presented his resignation to Gov. Fisher, Keith's appointment was confirmed by the senate.

Under the terms of the appointment of Dr. Haas and the constitution he could not have been removed except "for cause" prior to the end of the present session of the senate. After the appointment of his successor Dr. Haas said he did not wish to do anything to embarrass the school system and his resignation without a controversy was forecast.

When the names of the Fisher cabinet were sent to the senate one week ago that of Keith was not included in the list.

In a letter to Gov. Fisher last night he said that he believed the educational interests would be best served by having his successor take office at once. He termed Dr. Keith his "good friend" and said the appointment challenged the "loyalty and support of the school people of Pennsylvania." The letter was dated Jan. 20, but had not been transmitted to the Governor until yesterday.

Judge Appointed For Blair County

HARRISBURG, Jan. 25.—Governor Fisher has appointed Thomas C. Hare of Altoona, common pleas judge for Blair county to fill the vacancy caused by the resignation of Judge Thomas M. Baldrige, who quit to become attorney general in the Fisher cabinet. Hare's appointment was confirmed by the senate last night.

Judge Hare has served several terms as city solicitor of Altoona and was president of the Blair County Bar Association. He attended the public schools of Blair county and later graduated from the University of Michigan.

Penn-Ohio Linemen Discuss Proper Trimming And Care Of Trees

LINEMEN HEAR ADVICE ON TREE TRIMMING

One of the important factors in the work of the line forces of the Penn-Ohio System in giving electric service, both in construction work and in maintenance of service, is the trimming of trees.

Branches of trees touching wires interfere with service, cause radio interference and sometimes create accident hazards. In their work of trimming trees the Penn-Ohio linemen have made many friends, especially in the rural sections by the care they have taken and the use of standard methods which improve the condition of trees and also their appearance.

In the picture above the foremen and linemen of the P-O System are seen at a dinner meeting, the feature of which was an illustrated lecture by Harry C. Hyatt, horticultural expert of the Ohio Bell Telephone company on "The Trimming and Care of Trees."

GROVE CITY, Pa., Jan. 25.—Completion of the winter lodge of the Boy Scout organization at Memorial park is being taken care of by the older scouts. The lodge 24 by 30 feet in size with bunks for 24 scouts is the gift of the Kiwanis club of Grove City and was erected by volunteer labor of the club members.

The completion of the building will make possible the use of the lodge as headquarters for winter hikes. The laying of flooring is all that remains to be done before the building may be put to use.

In preperation for their court of honor celebration that will be a part of the anniversary week program of the scouts 100 merit badges are being made ready for distribution at that time to boys who have won them in the 40 activities in which the scouts take part.

The week will be in charge of R. M. Stewart who is in charge of scout work during the absence of F. C. Jones who is on a business trip south that will keep him absent until the last of April.

E. B. Harshaw will address the business men and farmers of Myersdale and community at a meeting that is carded for holding on the date of January 25th.

Mr. Harshaw will talk of the Community Development plan instituted by his bank.

Sickness is playing havoc with the efficiency of the various departments of the Bessemer Gas Engine company in their machine shops and foundry.

It is stated that 100 men are absent from their work out of the 1500 employes. Not all of the men are ill, many of them forced to remain at home due to sickness in their families.

Another week will see the new unit at the Municipal Electric Light plant in operation, is the prediction of workmen who have charge of its construction.

The huge generator that will develop 500 K. W. has been moved to the blocks that constitute its working base and the 14 ton fly wheel delivered by the Bessemer Gas Engine company is being attached to the 800 H. P. oil burning engine that has been purchased by the council.

The unit purchased at a cost of $45,000 will be put in operation just as soon as possible it is announced by Superintendent Frank Poehlmann who is anxious to relieve the overload on the three units now supplying the power.

Jim Karfes owner of the Broad Street Shoe Shining parlor is planning a trip to his native country of Greece and town of birth, Lamia, which will be his first visit there in 14 years.

Karfes states that his parents and five sisters constitute the family he will visit for some weeks following his sailing in the spring.

The success of Karfes as a local business man is emphatic of the opportunities in America for those willing to work.

The inside painting job at the Catholic church has been started. The church is being built by the Conrath company of Erie as general contractors.

The decorators will start their work in the near future. It is expected to that the edifice will be completed ready for dedication by spring. It is being built at a cost of $75,000. Work was started on it last summer.

PIMPLE CAUSES DEATH

MARTINS FERRY, O., Jan. 25.—Infection, developed from a pimple on her nose, caused the death of Miss Isabella B. Dixon, 32. She was a daughter of Attorney W. T. Dixon, former Belmont county prosecutor.

Granite markers, numbering 240, now stretch from the Swiss frontier to the seacoast of Belgium, indicating the limit of the German advance in the war.

There's More to This than Health!

Cleans So Thoroughly, Even Perspiration Can't Offend

All the trick laxatives in the world can't tempt people who understand the properties of **cascara.**

A hundred different drugs will purge the bowels, but a little natural cascara purifies the system clear through. Cleanses even the pores of your skin. Renders perspiration as inoffensive as so much dew!

Your grandparents took "salts", and slowly washed away the mucous membrane with the waste! Mineral oils are better, but they leave the coating that your blood must then carry off through the pores.

But when you cascarize the system, you get rid of all the poisons by **normal muscular action of the bowels.**

Don't get in the habit of taking medicine for constipation—or even for autointoxication. If you have the habit, stop it. A candy cascaret is a delightful form in which to take cascara; children love them and the taste tempts most grown-ups to take "more." And what a comfort to know you are in that clean, wholesome condition that does away with any need of deodorants, even in warmest weather! Try a cascaret tonight! All druggists, 10c & 25c.

"EXCITEMENT used to cause such acidity in my system that everyone around me was conscious of it—even outdoors. It was a lucky day I found the sweetening effects of the candy laxative—

Comedy Prevails In Coming V. F. W. Cathedral Event

Roles Of Romantic Musical Comedy Played By Well Known Local Players This Week

An opportunity to spend an enjoyable evening, with exceptional entertainment, will be afforded the citizens of New Castle by Corporal Harry L. McBride post 522, Veterans of Foreign Wars, when they present their first annual play, Bimbo, at the cathedral Thursday and Friday evening, January 27 and 28.

Considerable time was taken by one of New Castle's most experienced dramatists in selecting the cast, resulting in securing those who are naturally adapted to play the various roles in addition to having had experience in appearing before the footlights.

Every member of the cast, particularly the principals, have appeared in local productions several times, distinguishing themselves by their ease of expression, both in speaking and singing, as well as character portrayal.

"Bimbo" is filled with comedy, having to do with a group of Americans who find themselves entangled in a revolutionary outbreak on the Island of Bimbo in the South Seas, during which innumerable incidents of near tragedy, romance and humor arise, with a plot certain to hold the attention of the audience from the rise of the curtain to the close of the last act.

Costumes, scenery and stage effects will be on a par with those of the best professional productions. These combined with good acting and wonderful facilities afforded by the cathedral auditorium offer an inducement to all who enjoy good entertainment.

Cast of Principals.

The cast of principals in the play is as follows:

Sylvia Vanderveer, an heiress—Shirley Garwig.

Her aunt Portia, whose specialty is bugs—Virginia Reeher.

Jack Damon, an American civil engineer in love with Sylvia—Charles Walther.

Lord Algernon, English and fickle—Norman Cotton.

General Cadenza, chief of the Bimbo governmental staff—Allen Haid.

Hiram Budd of Oshkosh, Wisconsin—Louis Jenkins.

Princess Lillikoza, a native product—Rosalind Ehrlich.

Georgianna Tibbs, in love with Hiram—Barbara Bratchie.

Agnes McNally, who sells feather bloom gowns—Mary Elizabeth Rhodes.

Miss Leona Artley, talented directress, is enthusiastic with the results obtained since rehearsals began two weeks ago, and declares that this will be the best trained cast she has ever offered in her entire career.

Supporting the cast of principals are ten choruses, The Models, Kute Kiddie Kupples, Dwarfs, South Sea Island Belles, Toddle Town Dancers, Flapper Bandits, Tourists, Jingle Jungle Maids, Flames and The Army, each of which is composed of talented singers and dancers, certain to please in their respective parts. There are also some specialty singing and dancing numbers of exceptional merit.

The committee in charge of the production is well pleased with the progress being made and feels certain that its efforts will be appreciated by everybody who witnesses the play, and feels confident that the attendance will break all records for entertainments in this city.

Movies To Snap As Saturn Hides In Back Of Moon

CHICAGO, Jan. 25.—When the moon, journeying in its orbit, comes between the earth and the planet Saturn, temporarily shutting off a view of that ringed body in the early morning of January 28, astronomers of the University of Chicago will be intent on making the first moving pictures of such an event.

Photographs will be taken thru the huge telescope with a sixty-inch lens at Yerkes observatory. Prof. Frank E. Ross of the university and Director Edwin B. Frost of the observatory will supervise the delicate task.

Movie cameras with a focal length of twenty feet will be attached to the end of the giant telescope. In this way, pictures much larger than those taken through the ordinary camera will be obtained.

The event, which is really an eclipse of Saturn by the moon, called an occultation, occurs about once in sixteen years, scientists report.

Tht actual time of the phenomena, when the planet may be photographed before it hides behind the moon's apparently larger body, is about seventy-five seconds. The eclipse occurs at 5:58 a. m.

Speed Officer Is Sorry, Now

SAN FRANCISCO, Jan. 25.—Late in 1925, Edward Hallett disappeared from his home in this city and Mrs. Fredericka Hallett, his wife, and their five-year-old son figured that he had deserted them.

Mrs. Hallette went to work and saved enough for an automobile in which to seek her supposedly errant husband.

A few weeks ago she went skimming along a highway near San Francisco in her car. A traffic policeman flagged her.

It was Hallett. He tore up the tag that designated a speed law violation, but that did not mollify Mrs. Hallett. The next day Hallett was tagged with a divorce summons.

The divorce was granted in the superior court here today.

"Useless Methuselas" Hit By Health Expert

NEW YORK, Jan. 25.—Centenarians who often spend their time telling younger persons how they got to be 100—frequently by "breaking all the rules of health and hygiene"—were declared today to be of interest "only to biologists, statisticians and life insurance companies" by State Health Commissioner Matthias Nichol.

They should not, he said, be emulated by the general public, who should aim rather at "prolongation of usefulness in life rather than the production of a lot of Methuselas." He was speaking at the annual joint New York tuberculosis and health conference.

Sharon May Have Our Lone Burglar

New Castle police circles were quiet last night, after nearly a week of strenuous effort to investigate numerous calls to the effect that the burglar, who entered the Lusk, Cosel and Jordan homes a few nights ago, had been seen in this or that district.

According to stories from Sharon, Pa., there is every reason to believe that the same burglar has transferred his activities to that community.

Two homes were entered in that city, those of A. M. Rosenblum and Ralph Spangler, in much the same manner as those of this city. Mr. Rosenblum was awakened in time to see the fleeing form of the robber, who only secured an old pair of trousers for his trouble.

At the Spangler home, the theft was not known until the following morning and a pair of trousers and about $4 were missing at that place. The police of Sharon scoured the district effected but found no clue to the identity of the burglar.

DINNER STORIES

A Scotsman emigrated to Chicago. At first he couldn't understand the language, but in a short time it got to seem all right. As his job was a good one, the Scotsman sent for his wife. She said on her arrival:

"Gosh, Dugald, how queer the folk talk here!"

"Hoot," says Dugald, "they talk all right now. Ye should ha' heard 'em three months ago."

Martha had been naughty, so naughty that the punishment had been severe. Martha thought it too severe, and decided to run away where people were not so unjust, unreasonable and cruel. She remained away from home three hours, then the pangs of homesickness overcame her and she came back. To her great surprise there was no demonstration over her return, everyone had been so busy and had not missed her. Martha felt something must be said, so in order to attract attention to her return she remarked, "Well, I see you got the same old cat yet."

A little boy one evening, after he had been put to bed, began to cry pitfully. To soothe him, Mary, the maid, was sent upstairs.

After a short lull, the crying broke out again with renewed vigor, and the youngster's father was instructed to investigate the trouble.

"What's all this noise about you young rascal?" he asked in mock anger.

"Well, Mary said if I kept on crying a mouse with great big green eyes would come and sit on the end of my bed. I've kept on crying, but it hasn't come yet!"

It's a funny world. People who should be happy are not and those who shouldn't be are.

Inspector To Be Summoned

Councilmen Wish To Interrogate Arlington Avenue Paving Inspector

CITY SOLICITOR PRESENTS CASE

Another chapter in the Arlington avenue paving history will be written when John Wilner appears before councilmen as the result of information delivered by Solicitor Robert White to solons today.

White told councilmen that he had been informed that Wilner, an inspector, had made certain statements about the paving work.

Council and White, in an effort to find out what he said, if anything, relative to the paving, will ask Wilner to appear before council.

Arlington avenue was paved by John B. Thorson company last summer. When it was completed the paving contained many rolls—or unsmoth surface. The contractor was ordered to remove the uneven surface and a balance of about $14,000 is held up by the city.

White prefaced his information to council today by declaring that the "city inspection system is rotten." He suggested that council employ thre young men with technical experience along engineering lines and have them act as inspectors this summer.

"The inspectors would be responsible to council and if the work has not been done satisfactorily they should be discharged."

He referred to Arlington avenue paving and said "If the contractor put things in wrong the city engineer should have stopped the contractors."

Mayor Dunlap interpolated with the statement: "We do not have an inspection."

"The inspector (later named as John Wilner) is telling around that he knew it was not being done right and if a lawsuit comes he will testify for the contractor" White declared.

"Wouldn't that be collusion between the inspector and the contractors?" asked Tyler.

"What about the engineer?" The inspector was under his jurisdiction. That is where we are at fault. There is no backbone in the system' said Dunlap.

He added that the city is allowing streets to be ruined and there is nothing being done about it. "Our time is consumed by issuing excavation permits and no one inspects the repaving' he charged.

"Why not get an assistant engineer?" asked Councilman Genkinger who, while not condoning the present system says that it is an admitted fact that the engineer cannot do all the work. He believes that the city engineer should have sufficient help so that he can see what is right and wrong.

Referring to White's suggestion concerning students from colleges, Tyler said he favored the employment of students from this section or engineers and the taxpayers want an engineer inspector who will be on the job.

"I have watched the inspectors but in all my experience there have been only a few who have done their job right." He told Tyler he had done his work as an inspector thoroughly and added "and that is why the contractors do not want you as an inspector."

Tyler did not reply except tosay that Harry Black was an efficient inspector and later Councilman Genkinger said that Frank Nugent had done good work and forced contractors to obey every order he issued. Counil also said Joel Parker was a good inspector.

According to White Wilner is reported to have said that the Thorson company commenced paving Arlington avenue south from Washington street and that Engineer Miller stopped this plan and forced them to pave north or uphill.

It is said tat the stand has now been taken that had the contractor been allowed to pave south in Arlington avenue any rolls that would have remained could have been removed. The report says they could not do this by paving uphill.

Every contractor in this vicinity lost money on paving contracts last spring it is reported on acount of the rain. During the paving of Arlington avenue rain fell steadily and it is reported that this may have had something to do with the rough surface.

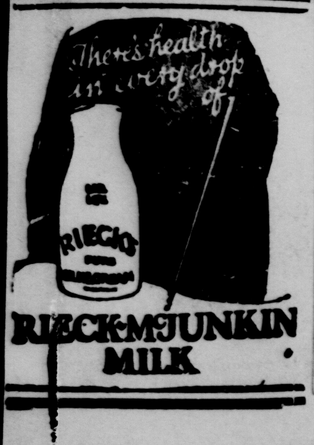

Immediately before council adjourned they decided to send for Inspector Wilner and question him concerning the remarks which may be nothing but propoganda but council is anxious to know if he did or did not make the remarks accredited him.

VOLANT

Members of the Epworth League of Volant Methodist church held their monthly party at the home of Mr. and Mrs. John Merritt on Friday evening. Music, games and guessing contests were the chief diversions. At a late hour refreshments were served by Mrs. Merritt, assisted by Mabel Simpson, Mary and Margaret Allen. Among those present were: Misses Charlotte Daniels, Flora Thorpe, Lois Welker, Dorothy Bryan, Etta Micheal, Edna Grim, Mabel Simpson, Mary and Margaret Allen, Mrs. Clyde Horsman and children, Edna Yeager, Gordon Potter, Earl and Theodore Blevins, Dick Thorpe, Wesley and Wayne Miller, Harold Wright, Henry Sholler, Wendell Allen, Joe Ligo, Clayton and Kenneth Rudolph, Carter Johnston, Jr., Kenneth Brenneman, Mr. and Mrs. John Merritt and son, Thomas. The next meeting will be held at the home of Miss Mable Simpson, the latter part of February.

Prayer meeting will be held in the Methodist church on Thursday evening. Members of the Epworth League will hold a business meeting after the weekly prayer service.

Mrs. Ellis Boyles has returned to her home in New Castle after spending a few days with her grandmother, Mrs. Margaret Gwin.

C. L. Hunt, Ellis Hillard and Roy Moore visited P. S. Gilson who is ill in the New Castle hospital on Monday evening.

P. M. Cox visited his brother on Sunday, who is ill in Pittsburgh.

Mrs. Mary Black of Indian Run, is visiting her daughter, Mrs. G. C. Welker.

Mrs. Francis Simpson and daughter, Betty, has returned to her home after visiting relatives in Grove City.

Miss Charlotte Dannels visited friends in New Castle over the week end.

Literary will be held on Friday afternoon in the second room of the public school.

The high school pupils are preparing for their literary contest which will be held on February 11, in the Methodist church.

Oberlin's Head Retires In June

OBERLIN, O., Jan. 25.—Dr. Henry Churchill King, one of the leaders in American education and president of Oberlin college for twenty-six years, will retire to private life at Oberlin's ninety-fourth commencement in June.

Dr. King will round out fifty years of active service to the community and college in which he has been successively student, tutor, professor and chief executive.

The commencement exercises will take the form of a tribute to Dr. King, a feature of which will be the participation of members of all classes which have known him during his half century of connection with the institution.

Each class will be represented in the largest alumni parade in Oberlin's history.

No divorces are granted in South Carolina.

WARSHIPS HELD AT MANILA FOR CHINA ACTION

Manila, capital city of the Philippines, has become at once the base of American fleet operations in the protection of foreigners in China and the refuge of persons escaping from the war-torn country. Although 26 United States' warships have been in Chinese waters, so grave did the situation become for approximately 12,000 Americans living in China that 17 more warships were ordered held in readiness in Philippine Island ports. The air view above of Manila shows a portion of the walled city, the Bridge of Spain, the Santa Cruz Bridge over the Pasig river, and the Escolta, principal business street.

Marcus Introduces Measure To Merge County Districts

(International News Service)
HARRISBURG, Pa., Jan. 25.—Representative Joseph Marcus of Allegheny county today introduced a joint resolution in the House amending the constitution so as to consolidate county poor districts, cities, boroughs and township offices in Allegheny county, to be known as the city of Pittsburgh. The measure also provides for a charter for the proposed government.

Birthday Event Is Celebrated

Honoring the 28th birthday of Mrs. Dewey McConnell of Volant, her friends held a surprise party for her Saturday evening. The time was spent with music and delicious refreshments were served at a late hour.

Those present were: Mr. and Mrs. Bert Martin, Mr. and Mrs. Charles Cooper, Mr. and Mrs. Clyde Donley, Mr. and Mrs. Paul McBride, Mr. and Mrs. Elmer Black, Mr. and Mrs. Bert Black, Mr. and Mrs. James Cooper, Mr. and Mrs. George Cooper, Mr. and Mrs. John Cooper, Mr. and Mrs. Dewey McConnell, Mr. and Mrs. Sam Campbell, Mrs. Mary Black, Misses Jennie Martin, Ada Cooper, Aleene, Betty and Edna Jean McBride, Leucille and Georgia McConnell, Lucille Bernice, Annie and Helen Black, Doris Cooper, Wand and Wilda Donley, Messrs. Deryl Russell and Wendel Donley, Harold Cooper, Kenneth and Clarence Martin, Dean McBride, Harry Campbell, Bobby and Frances Black.

Mince Pie Declared Harmful To Children

TOPEKA, Kan., Jan. 25.—Alleging mince pie is harmful in that it produces "nightmares to children, loss of sleep and consequent stunted growth," Senator Finley of the Kansas legislature has prepared a bill to outlaw the pastry.

He will urge its passage, he said today, if another measure repealing the anti-cigaret law of Kansas fails to pass.

Suit Is Brought To Recover Premium

The American Surety Company has filed a suit against Lyle G. Emery and Henry F. Stover, for $250 alleged to be due as a premium on a bond. It is claimed that in 1921 Lyle G. Emery and Company contracted to remove certain equipment from Allegheny county public buildings and secured a bond to idemnify Allegheny county for any loss, from the American Surety Company. The bond was to cost $50 per year. The first year was paid. The company claims that no notice was given of the cancellation of the bond, and is sueing for five years back payment.

GALLANT OLD REBEL IS DEAD

General McCausland, Who Never Surrendered Passes Away

POINT PLEASANT, W. Va., Jan. 25.—Brig.-Gen. John McCausland, aged 90, one of the last two surviving of the Confederate army generals, died at his home at McCausland, near here, during sleep.

The veteran of the gray legions, whose pride was that he had never surrendered, even after Appomattox, surrendered at last to the encroaching weaknesses of old age, which took toll of his naturally rugged physique. He had not been ill.

Although his name was linked with incidents in several of the important conflicts of the Civil war, his share in the defense of Lynchburg and his command of the raid which culminated in the burning of Chambersburg, Pa., are the most widely known of the activities of the man who was called from a professorship to command troops of the state to which he gave allegiance.

Keep Silent On Use Of "Obey"

LONDON, Jan. 25.—Will the word "obey" be retained in the Church of England marriage service? The secret is known only to the archbishops of Canterbury and York and the bishops who have been conferring at Lambeth palace with the object of revising the prayer book.

The bishops are closely obeying the pledge of secrecy and attempts to obtain a hint of the proposed changes have been unavailing.

Nevertheless there is a general impression that the word "obey" will be stricken out.

The second report of the prayer book revision committee in June, 1922, recommended that as a start the language of the sixteenth century be modified in some parts of the marriage service.

No alteration to the promise of the bride to "love, cherish and obey" was then suggested.

Two years later the convocation was still undecided. Whatever decision the bishops have reached, it is almost certain a discussion will arise both as to the marriage service changes and the other alterations in the prayer book.

The convocation will be asked to present the book to the church assembly on March 29.

Great Strength Of Tiny Bodies

In proportion to its size, a mosquito's wings are as strong as an eagle's. On a still day, a mosquito can fly fifteen miles without stopping, and if the wind favors him he can make 150 miles without rest. It has been found that the ordinary house fly can make a dash at the rate of 160 feet a second, while in proportion to its weight a bee is thirty times stronger than a horse. A crab can lift a weight 490 times heavier than itself, and the muscles of an oyster will support a weight thirty seven times its own.

An ant can move a match and this is exactly equal to a man's moving a beam fourteen feet long and two and one half feet square. A man, however, cannot move a beam of this size without help. An ant can carry more than ten times its own weight. In Java there is a spider that spins a web so tough that it can scarcely be cut with a knife.

Ohio Plans Repeal Of 200 Obsolete Laws

COLUMBUS, O., Jan. 25.—Ohioans with a flair for sports soon may be able to play games on Decoration day or even race a jackass faster than six miles an hour and still be within the law. At present however such activities are specifically forbidden.

Archaic statutes containing inhibitions against these and other actions popular among Ohioans of a half century have been unearthed and will be repealed if a legislative bill is approved.

In all some 200 obsolete sections in the Ohio statutes would be removed by the bill. These included paragraphs penalizing drunken stage drivers, punishing those who would "crash" toll gates on turnpikes.

Visit American Legion Scouts

Representatives of the local post of the American Legion, headed by Commander Harry Long, last night visited the American Legion Boys' Scout Troop at the Thaddeus-Steven's school and report great progress made by the troop since it was organized last November.

There are now some 18 members and new recruits are bing secured each week. Several have passed the preliminary tests and a contest in knot tying has been arranged with the Third U. P. church troop.

All members of the committee as well as scoutmaster and assistants are members of the American Legion so that progress in drilling and tactics of the troop should be rapid as well as efficient.

Find Man's Body In Ruins Of Fire

(International News Service)
FRANKLIN, Pa., Jan. 25.—When searchers reached the isolated home of Judd McCurry, destroyed by fire near Dempseytown early today, they found the charred body of George Kelly, 75. Kelly had been living at the place for several weeks. A defective flue is believed to have caused the fire. The house was in ruins when Dempseytown residents ar[illegible]

HAWAIIAN ACT AT PENN IS TOP NOTCH ATTRACTION

There isn't much of Hawaii that is worth seeing isn't shown in the stage and screen production "A Trip to the Hawaiian Islands" at the Penn theatre again tonight and tomorrow. With a troup of native Hawaiians lending natural atmosphere to the pictures, it is easy to imagine being in that far off land of eternal sunshine. And when they Hawaiian lasses do the Hula Hula you can picture the scenes in reality. Be sure and see this great act before it leaves the city. It is one you should not miss.

In connection with "A Trip to the Hawaiian Islands" the Penn is presenting at the same time one of the banner pictures of the year. Lewis Stone and the beautiful Doris Kenyon in "The Blonde Saint" will charm everyone. Stone is seen as a cave man in a dress suit and Miss Kenyon as the innocent object of his affections. It is one of really big pictures of the year. Felix in a new adventure also charms for a few minutes.

Thursday, Friday and Saturday of this week the Penn is presenting another great picture "Everybody's Acting". It has a strong comedy tune and is enacted by a very strong cast including Betty Bronson, Ford Sterling, and Raymond Hitchcock. The stage attraction for Thursday, Friday and Saturday is Louis Rigo and his famous Gypsy orchestra, Victor Recording Artists.

Next Monday, January 31, the Lawrence county championship dancing contest will be held. The finals in the eliminations will be held at the Far East academy on Wednesday, Jan. 26. Dancers from Ellwood City having a big representation. The waltz, the Rye waltz, the Quadrille, the Fox trot and the Charleston, will be staged. Dances from the war days of 1860 to the present Black Bottom all will be seen in the contest. The main prizes for the contest can be seen on display in the window of J. F. Perelman, Washington street jeweler. The contest is to be held but one night only, next Monday, so be out and see this unusual terpiscorean effort.

Records Show 1344 Births In New Castle During Past Year

According to the report just issued by Mrs. Vera G. Wilson of the office of the registrar of vital statistics for the city of New Castle, births in the city decreased six during the past year of 1926 as compared with those of 1925, while deaths increased 35 in the corresponding period of time. Births in 1926 numbered 1344 and deaths 675.

In spite of these facts, which materially reduced the increase in population by the excess of births over deaths, the births exceeded the deaths during the year by 669. The gain in this manner has been decreasing steadily for the past four years, according to the records of the office of the registrar, there having been an excess of births over deaths in 1923; in 1924, of 818 and in 1925 of 710. One reason for the considerable decrease this year is the fact that the deaths in 1926 exceeded those of both 1925 and 1924.

Once more, however, the boys led the girls in the matter of births, there being 707 boys born in 1926 compared with 637 girls. However, the number of males dying during the year was also in excess of the number of females dying in that period of time. The number of boys born in excess of girls was 70 in 1926, the same as in 1925.

March captured the honors in the matter of births in 1926 by the narrow margin of one over September, there being 135 born in March and 134 in September.

April Has Most Deaths.

In the matter of deaths, the month of April proved the one in which the greatest number of persons died, the number being 77. March was second in this respect with 65 deaths.

Contagious and communicable diseases were responsible for 138 deaths in 1926, a decrease over 1925. Pneumonia, all kinds, was responsible for the greatest number of deaths of this kind, there being 84 per cent dying from the various forms of this disease. This was 11 less than from the same cause in 1925. Inflenza was responsible for 14 deaths and was in a new form known as intestinal influenza. Tuberculosis of all kinds was the cause of 23 deaths in 1926, one less than in 1925.

The number dying from other forms of contagious and communicable disease were as follows: Chickenpox 1, diphtheria 3, scarlet fever 2, measles 6, lockjaw 1, whooping cough 1, typhoid fever 3.

There were 45 still born children. There were 18 colored people who died in the year 1926.

In the matter of births, there are still the occasional persons, who for some reason fail to report births to the office of the registrar of vital statistics.

If there are any persons having a child born in 1926 who have failed to get a birth certificate for this reason or any other reason, they can secure the same by reporting the facts to Mrs. Vera G. Wilson of the office of registrar of vital statistics.

Births as reported each month to the office of the registrar are as follows: January 99, February 127, March 135, April 95, May 110, June 107, July 101, August 102, September 134, October 117, November 90, December 127.

Deaths as reported each month in 1926 follow: January 63, February 57, March 65, April 77, May 65, June 53, July 48, August 36, September 56, October 50, November 51, December 54.

Safe Driver?

Having been asked many times what rules a motorist should follow in order to be classed as a good or safe driver, B. N. Hanlon of the New Castle Motor Club has given the following points:

"Assume full responsibility to avoid an accident, and there will be no accident."

"The policy of leaving it to the other fellow is both foolish and reckless."

"You cannot know, or control, what a pedestrian or another driver will do. But you must know and control what you and your car will do."

"Lose a minute and save a life."

Mr. Hanlon states that although these rules are very simple, if followed, they will prevent many accidents, and that is what makes a man a good driver, when he keeps out of accidents.

HASN'T FELT SO GOOD IN 20 YEARS

One package ALL-BRAN enables him to say good-bye to pills!

Read Mr. Awtry's testimonial as to what ALL-BRAN does in stamping out constipation.

"I'm a man 56 years of age, have had chronic constipation for 35 years. I have been taking all kinds of purgatives, scarcely—if ever—have a natural movement. Have spent a great deal of money and no permanent relief. . . . When I had used one package of your ALL-BRAN, I found I could discard my pills and tablets. I haven't felt as good in 20 years.

Jos. W. Awtry, Atlanta, Ga.

You can get permanent, *natural* relief from constipation by eating Kellogg's ALL-BRAN. Two tablespoonfuls daily—in chronic cases, with every meal. Guaranteed. Doctors recommend it because it is 100% bran.

Eat ALL-BRAN with milk or cream—and add fruits or honey. Use in cooking. Mix with other cereals. Served and sold everywhere. Ready to eat. Made by Kellogg in Battle Creek. Recipes on package.

Brief Session Of Legislature Seen For Today

Expect List Of Assignments To Be Made — Await Budget Message From Fisher

By G. ROSS DOWNING
International News Service Staff Correspondent

HARRISBURG, Pa., Jan. 25.—When the Pennsylvania general assembly reconvened at 11 o'clock this morning it still was a body without a calendar and its business a matter of speculation.

It has more than 300 bills in the legislative hopper, most of which have been referred to committees, but none of which have been referred out and listed for readings.

Assignments of patronage from the slate committees of both houses are expected to be made public today, and thus the way will be cleared for action on legislation and while it was announced yesterday that the places would be made public last night at the brief session of both houses another hitch developed and members of the senate again went into conference to pave the way for the announcements today.

At the brief sessions last night the rush of bills which began last week continued in both houses. The senate witnessed the introduction of about 50 while the lower body received twice that number.

Among the most important bills presented last night were amendments to the present registration laws, changing the board of mining examiners, letting the question of Sunday sports be decided by local elections, increasing gasoline tax one cent a gallon and requiring each applicant for automobile registration to show proof of financial ability from $2,500 to $5,000.

Many observers are predicting that the general assembly will meet for only a brief session today at which time more bills will be introduced, some will be reported out of committee and adjournment will be taken until next Monday night when it is expected that Gov. John S. Fisher will have his budget for the next biennium ready.

Others believe that the legislators will remain on the job for sessions tomorrow, allowing some bills to get first readings. In such event next week, the fifth week of the 1927 session could be started off with well rounded calendars.

Among the good things one may use to fight a cold are brick walls, a furnace and a railway ticket.

PETERS ADVENTURES IN ANIMAL LAND

By Florence Smith Vincent

ONCE TRICKED, TWICE SHY

Cautiously Pixie pushed aside the leaves and poked his head up out of the violet clump—more like a jack-in-the-box than ever, though Peter, and when he saw the bird sailing away, every flap of his wings showing how disappointed he was, he laughed long and shrilly.

Peter laughed, too. All he thought about was the joke that Pixie had played. But the little girl ran to the violet clump and knelt down before it.

"Oh, Pixie, dear what a narrow escape! My heart was in my mouth all the while the bird was hovering over you. I was so afraid he'd hurt you, you're such a little man. Once his great beak did come within such a little distance of your head."

Pixie looked up into the eager face above him and Pixie smiled—not a mocking smile such as he sent after the bird but a friendly smile such as few ever caught upon his elfish face.

"You can't always tell by the size, little girl. I'm little, but I'm mighty, too, and there's no bird or beast great enough to do me harm. Let me tell you something. I fooled that bird on purpose— not just for fun, either, but to teach him a lesson. Cruel monster that he is, none of the little outdoor folk are safe from him. Bee, butterfly, cricket or moth—none of their tiny selves are worth a pebble when he is about. The honey bees take their lives in their legs when they go about their business 'mongst the blossoms. Swoop, and the fellow is upon them while they're heavy laden with bright pollen. Bright as his eye is, he can't tell me from a bee or butterfly when I've a mind he shall not. And next time when he's making ready to pounce upon a defenseless victim perhaps he'll think twice before he drops for fear that once again he'll be tricked by Pixie."

Cold Slaw
Corn Bread and Maple Syrup
Tea Milk

TODAY'S RECIPES

Stuffed Flank—Split flank, stuff with dry bread crumbs to which has been added salt, pepper and butter to taste, also celery cut fine. Sew up, place in roaster and surround with potatoes, carrots and onions. Salt and dredge all with flour. Fill pan half full of water, place in oven and baste often.

Dressing for Slaw — One-half cup diluted vinegar, two tablespoons sugar, one-half teaspoon salt, one-half teaspoon pepper. Mix and heat these ingredients. Rub one tablespoon of butter into one-quarter cup flour. Add to the boiling spiced vinegar and boil for five minutes. Beat an egg lightly and stir this hot mixture slowly into the egg.

Slaw Dressing No. 2—One-half cup sour cream, one-quarter cup vinegar, one-quarter cup sugar, one-half teaspoon salt. Beat until foamy like whipped cream and pour over chopped cabbage.

Cole Slaw—One-quarter head of cabbage (average size), one-half cup thick cream (either sweet or sour), one tablespoon sugar, one-half teaspoon salt, pepper, four teaspoons vinegar, medium strong. Shred the cabbage and then pound with a wooden masher to start the juice running from the cabbage. Mix ingredients and pour over cabbage. Let stand for a half hour before serving.

SUGGESTIONS.

Stale Goods

When you buy canned goods see that the cans are fresh and the labels clean. If they are not they may be some left from the year before.

Folding the Spread

A good way to fold back the bedspread at night to prevent it from wrinkling is to begin at the top of the spread, folding it in half toward the foot. Then fold from each side toward the center, making a triangle, with its base toward the foot of the bed. Fold the point over the footboard. This method will not only keep the spread from dragging over the floor but will prevent any further wrinkles from forming.

Don't Freeze Linen

Linen dealers say never to let linens freeze on the line in the winter, as it strains the fibre and in a short time cracks will appear in the folds. Rather sacrifice purity of color and dry them in the house in the cold weather.

INDUSTRIAL LEAGUE TEAMS END HALF-SEASON

Tin Mill Five Are Champions

First Half Of League Season Finds Tin Mill Quintet Undefeated

SECOND HALF TO START SATURDAY

Downing the Pennsy railroad tossers by a score of 34 to 19 on Monday night, the American Sheet and Tin Plate Company quintet captured the championship of the first half of the City Industrial Floor League. The Tin Mill team was unbeaten in seven games, The P. & O. Electrics defeated the East Side Merchants last night by a count of 22 to 18 in the second game of the league menu.

The Tin Mill team composed of former floor stars in High School and semi-professional circles had things rather easy in the first half of the league schedule, and ran rough-shod over their opponents. The Rick-Overland crew gave the Tin Mill boys their biggest scare and it was only after a hard battle that the league leaders succeeded in downing the fast Overlands.

The winners of the first half of the league will meet the winners of the second half of the schedule for the championship of the city. At the present time the Tin Mill team looks mighty good to repeat their performances in the second half, although the Mahoning A. A. team supplanting the P. & L. E. tossers look impressive and they might cause some little trouble.

Tin Mill Leads

The Tin Mill team had rather easy sailing last night in their game with the Pennsy railroad boys. At half time the league leaders were ahead by a score of 19 to 11. Hoskins, Gennock and Lewis were the big guns for the Tin Mill team and secured the most of the points. The Tin Mill team kept up their fine work in the third and fourth quarters and added fifteen more points to their total, while the Pennsy tossers were held to eight scores. Coen, Reider and Hamilton looked the best for the losers.

Electrics Take Victory.

The P. & O. Electrics with a well balanced outfit defeated the East Side Merchants by a score of 22 to 18 in the second encounter of the evening. The game was hard fought and highly interesting to a large group of spectators.

The Electrics shot into the lead in the first few minutes of play and appeared to have a runaway. At half time the Electrics were in the lead 11 to 4. The Merchants had considerable trouble in locating the hoops with any degree of effectiveness in the first two periods.

In the third and fourth quarters the Merchants came back strong to outscore their opponents fourteen to eleven, but the lead piled up at the start of the game was too much for the Merchants to overcome.

Hood, Colaluca, and Buckingham were the bright lights for the Electrics, while Hutchinson, Bruce and McLure looked the best for the Merchants.

Let George Do It — By Feg Murray

Copyright, 1927, by Metropolitan Newspaper Service

Today's subject, in this series of "New Big League Managers," is George Moriarty of the Detroit Tigers. Last November, when Ty Cobb was eased out of a job, the American league also lost a very good umpire. For George Moriarty in donning his new managerial toga or whatever it is that the ball club bosses wear, first had to doff the mask and chest protector of an umpire, which raiment he had worn for nearly ten years.

Before calling balls and strikes in the younger circuit, George played the game himself for 16 years, ten of which were spent with the club of which he is now boss. To be brief, in 1909 the Yankees sold Moriarty, whom they had purchased two years earlier from Toledo, to Detroit for $6,000. That year the Tigers won the pennant. And who knows but that they may do it again the first season they have George with them as manager!

Moriarty should make a good manager for several reasons. One is because he knows baseball from A to Z. Another is because he is popular in Detroit, not only with the players, but with the fans. Also because he has plenty of good common sense, because he is fearless and fair, and because he well understands the things that men he will manage have to contend with, individually and collectively. Besides that, George is a fighter—and fighting teams win pennants.

But there are other things in Mr. Moriarty's past besides baseball, things that should only be spoken of in whispers. I tremble even now lest Judge Landis read these words and start an investigation. George Moriarty is a poet! He has even had some verses printed! He sings songs too, even some of his own, and if that ever got out, the Cobb - Leonard - Speaker scandal would pale with insignificance! Besides all that, he is a disciple of Izaak Walton, an enthusiastic and successful fisherman, who right now is fishing for the biggest haul of his career.

Feg Murray Says—

S. F. Spencer, the national archery champion, and Walter M. Hoover, the single sculls champion, may be alluded to respectively as the "Noblest Bowman" and the "Noblest Rowman of them all."

Amateur Boxer Killed In Bout

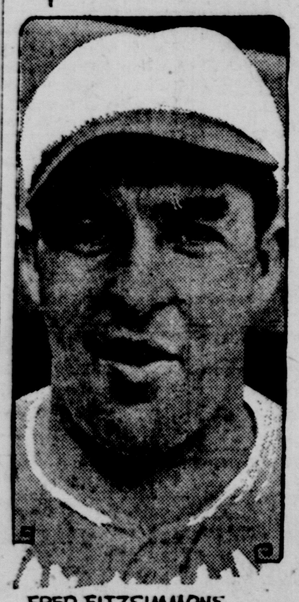

Leo Mahan's Skull Fractured When Head Strikes Floor

(International News Service)

BRADDOCK, Pa., Jan. 25.—Leo Mahan, 17, of Ambridge, Pa., died in a hospital here early today of a fractured skull suffered in a boxing bout at Turtle Creek last night.

Mahan, who was entered in the Western Pennsylvania amateur boxing championship tournament, was matched with Joe Ivonia, of Swissvale. According to witnesses Ivonia knocked Mahan to the floor and the latter failed to rise. He was rushed to Braddock General hospital, where he died without regaining consciousness. Ivonia was ordered held for the coroner.

"ATHLETICPHOBIA" TO BE CONTROLLED

Georgetown Athletic Director Is Named To Grid Body

NEW YORK, Jan. 25.—Completion of a new committee to carry on the National Collegiate Athletic association's atempt to curb football "over-emphasis" was announced here by Brig. Gen. Palmer E. Pierce president of the N. C. A. A.

Louis Little director of athletics at Georgetown University is added to the personnel of the committee the announcement says, joining four others already appointed—Dr. John W. Wilce of Ohio State, L. S. Reed of the University of Chicago, E. L. Mercer of Swarthmore and Dr. C. W. Savage of Swarthmore.

Curtailment of pre-season practice confined to college grounds was one of the chief recommendations of a similar committee adopted at the N. C. A. A. here in December.

Waynesburg Wins From St. Lawrence

Yellow Jackets Win By One Point After Hard Contest

WAYNESBURG, Pa., Jan. 25.—Waynesburgh college basketeers annexed a victory by a one point margin over the St. Francis quintet in one of the hardest basketball struggles ever witnessed on the Armory floor here last night. The score was 37 to 36. The score at the end of the half was 24 to 19 in favor of the winners. The lineup:

Waynesburg—38.		St. Francis—37
White	F	Sapora
Baker	F	Smith
Woodward	C	Shields
Welsh	G	Lynch
Frank	G	Kunzle

Substitutions: Knox for Woodward.

Field goals:. Waynesburg: White 3, Baker 2. Woodward 4, Welsh 4, Frank 2. St. Francis. Sapora 3, Smith 6, Shields 2, Lynch 1. Kunzie 3.

Foul goals. Waynesburg 8 out of 12; St. Francis 7 out of 12.

Referee, Wilde, Washington and Jefferson college.

Butler Boys Will Play Ben Franklin

Junior High Team To Have Good Contest On Thursday Evening

The Senior B's, winners of the Butler high school class league, will furnish the attraction on Franklin floor Thursday night at eight o'clock.

The Butler boys are a fast and well coached combination and will no doubt prove one of the hardest opponents yet to meet the Norton coached passers.

The Ben Franklin boys are acknowledged leaders in the Junior League race, with three wins over North Street and Mahoningtown.

Out of six starts Ben Franklin has turned in five victories, winning by large scores from Union High school and the Sophomore "B" team from Senior High.

A stiff schedule faces the boys for the remainder of the season and the games yet to be played with Mt. Jackson, Bessemer, New Wilmington, Sharon and Butler may prove the real caliber of the team.

Captain "Bill" Johns has been playing a clever style of basketball and teams up well with Keast, one of the fastest forwards in the junior circuit.

Ben Franklin plays good sportsmanship first and victories second, but the two seem to run hand-in-hand with Johns, an able leader, at the helm.

The varsity boys and girls teams will play North Street tonight on the Rose avenue floor in the fourth of the league games. The boys have won one game from North Street, but the girls will meet for the first time.

Acme Club Has Meeting At "Y"

The first meeting of the Acme Club was held Monday evening, Jan. 24, at the Y. M. C. A. with Chris Clark officiating. The purpose of this meeting was to form a basketball team and they desire to play other teams ranging from 14 to 16. For definite information call Sherwood Johns of 812 Park avenue, phone 4563J.

Landis To Announce Cobb-Speaker Status, Moguls Ask Action

BY DAVIS J. WALSH
Sports Editor Internat'al News Service

NEW YORK, Jan. 25.—Definite action by Judge Landis on the status of Ty Cobb and Tris Speaker may be expected at any moment, according to baseball men returning to the east today from Ban Johnson's presidential "wake" in Chicago. Official assurances from American League owners that no evidence in the Cobb-Speaker case has been held out on him has encouraged the judge to act, they say.

These assurances as I understand it, were demanded and given at the special league meeting at which Landis was present on Sunday night. They took the form that Landis previously had felt privileged to doubt.

The judge suspected, in fact, that Johnson had handed him a stick of dynamite to play with, so he studiously refrained from rendering a decision and awaited results. He had to wait almost an hour, by that time, the great bleat had set in and it hasn't stopped yet. But Landis refused to be moved until he was convinced that all of the facts had been placed at his disposal; in effect, that no ghost of the past later was to parade through the light of day in mockery of his decision.

Johnson's leave of absence, permanent or otherwise, is regarded as a tacit guarantee against the supposed kick-back. The American League's profession of ignorance concerning further particulars in the Cobb-Speaker case also is claimed to have been re-assuring to the judge.

Look For Acquittal.

The decision, therefore, is forthcoming and many believe that it will take the form of an acquittal. Landis' personal admission that Dutch Leonard's unsupported charges of a betting conspiracy do not constitute evidence has led some to feel that a favorable decision is inevitable. Johnson's statement that the men were dropped for "incompetency" and not dishonesty hardly conforms to logic but, nevertheless, it is regarded in some quarters as having publicly absolved the principals.

The statement is not logical because everyone knows that in competent individuals are not disposed of through the action of the league's board of directors and the passing of the buck to Landis for an official review.

No, Cobb and Speaker were not hired for 1927 because baseball suspected that they had conspired to bet on an "arranged" game in September, 1919. Their guilt or innocense of the charges was the only question Landis had to decide; it still is the only question before him.

It is so big that the writer can only wonder how some few individuals feel so certain of the outcome. The best bet in the world is that Landis alone knows what will happen. The second best is that he has told no one what he knows.

Richards First, Tilden Asserts

Vincent Richards Should Be At Head Of Net Players

NEW YORK, Jan. 25.—William T. Tilden, whose No. 1 position in American tennis for 1926 may depend on whether Vincent Richards is considered in the ranking, has come out in support of the proposal to include Richards on the amateur list, although the latter has since turned professional. The Metropolitan Lawn Tennis Association already has ranged Rickards as No. 1 on its sectional list.

Writing in the current issue of American Lawn Tennis, Tilden says:

"I don't agree at all with those who feel Vincent Richards should not be ranked as an amateur. He played all the playing season of 1926 as an amateur and since the ranking is a ranking of the amateur players of 1926, certainly Richards is entitled to a ranking. Also he is clearly entitled to the No. 1 position on the season's play."

Merchants And Mahoning A. A. In Benefit Game

Proceeds Of Game Scheduled Wednesday Night At "Y" Go To Wrestlers

The East Side Merchants and the Mahoning A. A. team will play a benefit game at the Y. M. C. A. on Wednesday night. The Rick-Overland girls will play a team from Youngstown in the preliminary that starts at 8:30 o'clock.

The game is a benefit attraction and the proceeds derived from the battle will go toward purchasing a new mat for the wrestlers at the Y. M .C. A. The game is being sponsored by the Y. M. C. A. officials, with Walter E. Kirker in charge.

The Mahoning team has taken the place of the P. & L. E. passers in the City Industrial League and the game with the Merchants will test their ability.

The Overland girls will play the same team that recently defeated the world's champion Cleveland team.

MRS. CROBAUGH QUALIFIES IN FLORIDA MEET

BELLEAIR HEIGHTS, Fla., Jan. 25.—Two Cleveland golfers qualified in the first sixteen of the opening tournament of the season held for women here yesterday.

They were Mrs. S. C. Crobaugh and Mrs. W. C. Denison. The former shot the better golf of the two, being 98, and in sixth position from the medalist, Mrs. Fred J. Mulqueen of Toronto, who required but 85. Mrs. Denison needed 104.

Match play starts today and Mrs. Crobaugh will cross sticks with Miss Mary Good of Lockhaven, Pa., while Mrs. Denison is matched with Miss K. Grand of New York.

Keene Fitzpatrick's right name is not Keene. The noted Princeton trainer once lived in Keene, N. Y., and when sprinting professionally was given that name.

COBB AND SPEAKER AWAIT 'CLEAN BILL'

If Cleared Of Charges They May Play In "O. B." Ranks

CHICAGO, Jan. 25.—Ty Cobb and Tris Speaker, formerly managers of the Detroit and Cleveland clubs, charged with "fixing" a game in 1919 for the sake of a betting pool, may be vindicated and reinstated in organized baseball within two or three days.

Their attorneys conferred with Commissioner Landis and Cobb's counsel insisted upon a quick vindication. Cobb said he was under the impression that the commissioner's decision would be handed down soon.

Speaker left with his lawyer for Cleveland with the knowledge that three American League clubs are ready to bid for his services as soon as his record is cleared. Detroit, Washington and New York clubs are said to be eager to sign him.

While Cobb has received one offer, from Baltimore, and expects others from major league clubs, the Georgia Peach is planning a trip to Europe instead of his 24th season of major league baseball.

La Barba Matched To Battle Vacca

NEW YORK, Jan. 25.—Fidel La Barba, world's flyweight champion, was matched here today to fight Tony Vacca, Boston bantam, at Boston on February 14.

La Barba's title will not be at stake in the match, which will be ten rounds to a decision.

'Tack' Hardwick 'Backs' Hubbard

Says There Is Fire Behind Smoke In Charges Against "Tiger"

BOSTON, Jan. 25.—Huntington R. ("Tack") Hardwick, all-America football player at Harvard under the Haughton regime, said with reference to Wynant Hubbard's accusation of "dirty football" on the part of Princeton players, that he was "absolutely convinced that there is much fire behind the smoke".

Hardwick, halfback and end on the Crimson elevens of 1912, 1913 and 1914, said:

Precipitates Climax

"Wynant Hubbard's statement may or may not have been wise. They are at least courageous. It is inconceivable that Hubbard would make such statements without mature thought and without complete confidence in his ability to substantiate them."

He added that when he was playing there were frequent rumors that games were "dirty" and that "by and large these rumors were entirely unfounded".

"Hubbard", he said, "has brought the controversy to a climax. It should be faced and settled one way or another. The statements either can or cannot be proved. I would suggest that the Princeton authorities apply officially to the Harvard authorities for substantiation and that the public be correctly informed of the results."

Liberty Five Tops Ramblers 27 To 12

The fast traveling Liberty Five defeated the strong South Side Ramblers 27 to 12, in a game played Monday night on the Lincoln-Garfield court.

It was the seventh straight victory for the Liberty passers. The team is coached by Charles "Bub" Jones of the Rick-Overland team.

The Liberty boys led by a score of 15 to 6 at the end of the first half of play. The Ramblers were unable to cope with the fast attack of the Liberty team in the second half of the battle.

Roher was the big gun for the winners with four baskets, while Thomas and Rogovin performed in sensational manner at the guard jobs for the winners. For the Ramblers the work of McNickle and Douglas featured.

The Liberty Five will play the Handy Service Store team at the Lincoln-Garfield gym on Wednesday night at 7 o'clock, according to word today from Manager Tony Tino.

The lineup and summary:

Ramblers 12		Liberty Five 27
McNickle	F	Jenkins

Mt. Jackson Boys Top Darlington, Girls Defeated

Mt. Jackson Boys Win 26 To 14; But Girls Lose To Darlington 18-12

The Mt. Jackson High boys team defeated the Darlington High tossers 26 to 14 in a game played at Mt. Jackson on Monday night. The Mt. Jackson lost to the Darlington girls 18 to 12 in the preliminary game.

The Mt. Jackson girls were defeated due to the fact that they failed to register any foul goals, while the visitors tallied two from the charity line. The game was a fast one and was closely contested in all quarters. Miss Zaffarona of the Darlington team was the outstanding star of the game with eight baskets. Miss Reed was the best for the Mt. Jackson girls.

The Mt. Jackson High boys had little trouble in their game with the Darlington tossers winning by a score of 26 to 14. At half time the Mt. Jackson team led by a score of 10 to 6. Darlington tied the count in the third quarter but they were unable to keep up the pace in the fourth period.

The work of Grider, Barris, and Sherer was the best for Mt. Jackson, while McCarter and Nicely led the Darlington team.

The lineups and summaries of both games:

Walker To Fight In Pacific Battle

FRESNO, Cal., Jan. 25.—Mickey Walker, world's middleweight champion has been signed for a 10 round bout here Tuesday February 1 against an unnamed opponent.

Negotiations for Walker's services were completed in Los Angeles yesterday by Tommy McFarland Fresno Legion matchmaker.

Among the Pacific coast middleweights being considered as possible opponents for Walker is Mickey Wallace of Los Angeles and it is believed that McFarland will close with the southern boxer early this week.

Walker's title will not be at stake for his opponent must come in over the division weight limit.

Guy Axworthy, 2:08¾, was the leading money-winning sire of last season, his get winning more than $200,000.

Hold Counterfeiter At Butler, Caught With Phoney Money

Federal Authorities From Pittsburgh To Question Man Under Arrest

(International News Service)

BUTLER, Pa., Jan. 25.—Frankel James, 40, of Philadelphia was held here today on charges of counterfeiting operations after his arrest by state police at Allison Park, near here.

James is alleged to have put a number of $20 bills into circulation here, which were later discovered to be counterfeit. According to Justice of the Peace A. T. Lorch of Allison Park, James had 500 counterfeit bills in his pocket when arrested.

Two others, a woman and a young girl, whose names police refused to divulge, were also held here, but police refused to specifically connect them with the charges against James until federal authorities from Pittsburgh arrive here to question the three.

LATZO DEFEATS JIMMY JONES

Excells At Close Range And Hammers Jones As He Comes In

PITTSBURGH, Pa., Jan. 25.—Pete Latzo, welterweight champion, defeated Jimmy Jones of Youngstown in 10 rounds at Motor Square Garden last night. Latzo excelled at close range and toward the latter part of the fight let Jones do the forcing and handed him a good cuffing for his efforts.

Wampum To Play Hubbard Team

The Wampum Indies will clash with the Hubbard Circle quintet at the Wampum opera house floor tonight. The game will start immediately following the preliminary which brings together the Wampum Cubs and New Castle Buccaneers. The first game will start at 7:15.

The Wampum team recently defeated the Hubbard outfit on the Hubbard floor. The Ohioans are to Wampum tonight bent on revenge.

Manager Ray Blythe is still booking fast attractions for the Wampum team at home and abroad and would like to hear from team managers. Any first class team in this section is asked to get in touch with the Indies at once.

SORDS POINTS

Some Of Things George Has Duncan Be Appreciated

By NORMAN E. BROWN

George Duncan, British golf pro and one of the outstanding figures of the British links for many years, is with us and may continue to remain in America for some time in his capacity as a pro.

Which adds to the gaiety of golfing in this fair land.

For Duncan is not only one of the most popular figures in the game but he also adds to our lists of "greats" in the golf game the man who boasts the greatest driving power in the sport. He is credited with a drive of 383 yards in match play and his drives of around 350 yards are almost common-place. Which ought to be reason enough in itself to cause many a dub golfer to commit suicide—or sell his clubs and buy his wife a hat.

Duncan is probably one of the most brilliant golfers in the game today. He is given credit for having the keenest analytical mind of any of the outstanding stars. In fact many critics blame his love of the "mechanics" of the game for his failure to break into the championship lists oftener. They point out that his desire to study each shot—dissect it and analyze it—handicaps him in tourney play when his main desire should be to deliver "score" golf.

Duncan is by no means a stranger to American golf followers. The team of Duncan and Abe Mitchell has made three trips about the states at different times, appearing in match and tourney play.

SPORTS DONE BROWN

By NORMAN E. BROWN

Kenesaw Mountain Landis, high commissioner of baseball, is probably the most talked of man in the athletic realm today—because of the deluge of scandal charges which have besieged his office, which have been tossed to the public from various sources. All of which he must meet and deal with.

Landis' part in the Speaker-Cobb mess has drawn him much unfavorable criticism. This without all the facts at hand. His handling of the Risberg case has been criticised also.

However, this much can be said of Landis.

He is trying sincerely to carry baseball through the worst muck in which it has ever wallowed. And he is carrying on his work heckled by at least one or two men high up in baseball who should be backing him to the limit.

Landis has a manner about him that isn't pleasing to some. The general impression is that he is playing to the grandstand. If he has been trying to place himself prominently before the public it has probably been with the thought that the more dominant he could make himself the greater would be the moral effect on the game—and heavens knows it needs something to inspire it.

Landis has the hardest job in baseball without a doubt. He has the unpleasant and almost superhuman task of playing judge, jury, prosecuting attorney and court of appeals in every baseball matter brought before him.

I watched him in his handling of the open hearing called to probe the charges of Risberg. It was evident that he was placed between two fires, that of digging out the last potato of scandal and at the same time handling the matter the best way to preserve the game.

Landis draws $65,000 a year from the coffers of the baseball moguls. It is reasonable to suppose that he is interested in preserving the game. He is, however, the only one of the influential men in the game who is not hampered by personal holdings or other interests. He can rightfully be expected then to be less influenced by personal bias and prejudice. He faces only one problem along that line—that of holding to a cold sense of duty and the relative value of things in dealing with Ban Johnson.

Whatever one may think about the present baseball situation Judge Landis stands out as the one man in the proper place to bring baseball out of the mud.

His place in the baseball sun will be definitely determined within the next few weeks.

PETITIONS FOR NATURALIZATION

Must Be in Mercer Court By January 31—News Of Mercer County

(Special To The News)

MERCER, Pa., Jan. 25.—All preliminary petitions for naturalization at the May term of court must be in the office of the prothonotary by the date of January 31, it is announced today by that official, Miss Virginia Lee Davis.

From the immigration bureau office at Pittsburgh have been received the applicants of 70 aliens who desire to have their applications acted on at this court. Each applicant is required to come to the office of the prothonotary with two witnesses, bringing his necessary papers.

From indications the size of the May court, when these petitions will be passed on, will be of a size of the courts of the past few years, when 150 applicants have been heard.

Attorney Guy Thomas of Greenville will assist District Attorney L. R. Rickard at the January sessions of criminal court, which opens today.

Mr. Thorne will hear the cases in the No. 2 courtroom, which will be presided over by Judge T. J. Prather of Crawford county.

Work started today on the laying of the four miles of pipe line from the well of the Mill Run Oil and Gas Company in Springfield township to the lines of the United Natural Gas Company at Mercer. The line is contracted for by J. W. Byers of Mercer, who is a member of the Mill Run Company. It will be of three-inch pipe. An order of 80 tons of pipe has been placed by Mr. Byers.

The United Natural has contracted with the Mill Run Company for the delivery of the gas in their two wells at this location, estimated at 500,000 cubic feet a day.

Norman Ringer is reported to be improving at the Youngstown hospital, where he was operated on the past week for inward goitre. Mr. Ringer is a well-known Mercer carpenter.

The minstrel show of the I. O. O. F. lodge here will be presented in the courthouse assembly room on the dates of February 17 and 18, it is announced by the producers of this entertainment, Arthur Cooper and Jared Winger.

The persistency with which these men have kept at their work is remarkable. The show to have been given last winter was postponed on account of the sickness in the community that crippled the cast. A start was made again this fall, only to have another postponement due to other causes.

It is stated that the show is far enough along in rehearsals now to insure its production. The stage committee is that of Arthur Myers and Harry Filson; J. C. Williams will have charge of the tickets. There will be outside talent used in the production, which is outlined as being something entirely new in the way of staging. There will be 25 in the cast. The ends will be handled by Messrs. Cooper and Wingard and Walter Taylor and Dick Francisco. The local orchestra will be used for playing the show.

The final contest of the 15 high schools included in the Mercer County Debating League prefacing the round-up of the spring will be held on the dates of February 24 for the class B schools, of which there are nine in the league, and March 24 the class A schools, of which there are six. The schools that will be matched for these events will be announced later.

McCartney and Shaffer, local ice dealers, were forced to quit cutting on their pond near Wilson avenue following the harvesting of 300 tons of the 800 that will fill their houses, due to the change in weather. Ten-inch ice of the finest quality had been cut.

It is said that the present freezing weather will permit the cutting of the remainder of the ice harvest.

The Dorcas Missionary Society of the Second Presbyterian church announces the election of the following officers: president, Mrs. S. S. Smith; vice president, Mrs. C. F. La Male; secretary, Mrs. Lottie S. Reed; treasurer, Miss Sara Nickum.

HAS LARGEST APPETITE

JERSEY CITY, Jan. 25.—Patrolman Manser Kierstead of the second precinct, believes that he has discovered the man with the largest appetite in the world. Being of a kindly nature he invited a hungry-looking man into a restaurant for a "bite," offering to pay the bill. The man consumed five hamburger steaks, five orders of fried potatoes, ten desserts, and then topped the meal off with a large sirloin. Then he thanked the officer and sauntered away, whistling happily.

P. & O. Company Games Scheduled

With the basketball and bowling season past the halfway mark the Penn-Ohio system athletes are in fine form and are staging some fine battles for the system championship. This weeks schedule calls for three basketball games and three bowling matches.

The basketball schedule opens Tuesday night in the Adams school, Youngstown, when the New Castle five meets the P.-O. coach tossers. On Wednesday evening the Youngstown Office team goes to Warren to play and the Sharon five meets the Municipal Railway team on the Lincoln floor in Youngstown.

Two bowling matches are on the card for Tuesday night, Sharon against he Municipal Railway at Sharon and New Castle against the P.-O. Coach at Youngstown. The third match will be in Youngstown on Friday with the Lowellville rollers meeting the Youngstown Office five.

The Swiss hockey team which won the championship of Europe in 1926 is expected to make a strong bid for first honors in the Olympic winter games of 1927-28

What the Baseball Fans Want Now Is This!

With the baseball scandal tossed into the ash can baseball fans (at least those left) want some real baseball, as played in its usual haunts. And the training season is only a few weeks away. The upper photo, taken last spring at the Brooklyn Dodgers' camp at Clearwater, Fla., whets one's appetite a bit. Lower photo shows a batting cage innovation, tried out by the Dodgers late last spring, which may come into general use down south this year.

About This Time of Year

Just about this time of year when the first winter thaw comes and the ground hog begins to get itchy in his hole in the ground and wants to take a peep at the great outdoors again, there's a feeling comes over those who are chicken fanciers—and we mean those who fancy the feathered variety of blooded poultry. And we don't blame them a bit. Who doesn't fancy a nice fat hen, especially when it is the centerpiece of a dining room table or the producer of fine, large and ripe eggs.

Now the reason for this is that those people who sell day old chicks or eggs for hatching are getting ready for business. The best way to do business of this kind is not to keep the fact that you are selling day old chicks or taking orders for hatching eggs a secret, but tell the world about it.

The best way to tell the world about it—especially that part of the world which buys the 17,000 daily copies of The New Castle News is to put an ad in the News Want Columns. Placed under "Pet Stock and Poultry" heading all the world will know about it.

Advertise your chickens and eggs now and your spring business will be good.

HIGH LIGHTS OF HISTORY

Registered U. S. Patent Office.

The "Merrimac" and the "Monitor"—Part Two.

by J. CARROLL MANSFIELD

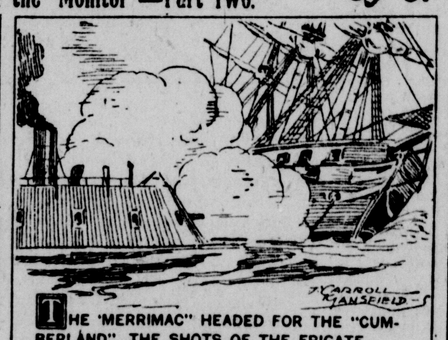

CAPT. FRANKLIN BUCHANAN, C.S.N., COMMANDER OF THE "MERRIMAC."

ON MARCH 8, 1862, THE "MERRIMAC" ("VIRGINIA") STEAMED OUT OF THE ELIZABETH RIVER INTO HAMPTON ROADS ON ONE OF THE MOST DARING EXPERIMENTS IN NAVAL HISTORY. IT WAS HER TRIAL TRIP, HER ENGINES WORKED FAULTILY, AND HER CREW HAD NOT HAD ONE PRACTICE DRILL TOGETHER.

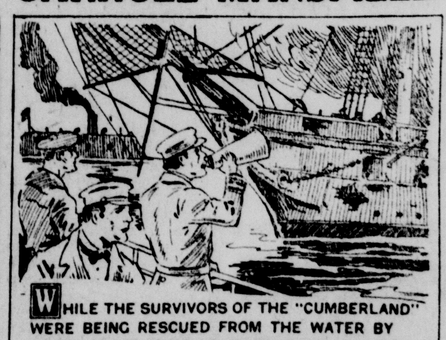

HER OBJECT WAS THE DESTRUCTION OF THE UNION BLOCKADING FLEET THAT LAY NEAR NEWPORT NEWS AND FORTRESS MONROE. THIS FLEET CONSISTED OF FIVE WOODEN SHIPS—THE "CUMBERLAND", "CONGRESS", "MINNESOTA", "ST. LAWRENCE" AND "ROANOKE". TOGETHER CARRYING OVER 200 GUNS AND ABOUT 2,200 MEN, AND LYING UNDER THE PROTECTION OF POWERFUL SHORE BATTERIES.

THE FEDERALS HAD HEARD IT RUMORED THAT THE CONFEDERATES WERE BUILDING A DEADLY ENGINE OF WAR, BUT WERE STARTLED AT THE APPEARANCE OF THE "MERRIMAC". THE "CUMBERLAND" AND "CONGRESS" HURRIEDLY CAST LOOSE AND AT ONCE BEGAN A TERRIBLE FIRE UPON THE APPROACHING RAM.

THE "MERRIMAC" HEADED FOR THE "CUMBERLAND", THE SHOTS OF THE FRIGATE BOUNCING HARMLESSLY FROM HER SLOPING IRON SIDES, AND UNDER A FULL HEAD OF STEAM RAMMED THE UNION VESSEL, TEARING A GAPING HOLE. THE "CUMBERLAND" SANK RAPIDLY, HER CREW CHEERING AND FIRING TO THE LAST. FORTY MINUTES AFTER THE ACTION BEGAN, SHE RESTED ON THE BOTTOM AND, WITH FLAGS FLYING, KEELED OVER ON HER BEAM ENDS.

WHILE THE SURVIVORS OF THE "CUMBERLAND" WERE BEING RESCUED FROM THE WATER BY SMALL CRAFT FROM NEWPORT NEWS, THE CONFEDERATE RAM ATTACKED THE SLOOP-OF-WAR "CONGRESS". AFTER A TERRIFIC BOMBARDMENT, THE "CONGRESS", DREADFULLY BATTERED AND AFIRE, WAS DRIVEN AGROUND. AT 4 P. M., SHE STRUCK HER FLAG AND A CONFEDERATE GUNBOAT, COMING ALONGSIDE, TOOK OFF THOSE OF HER CREW WHO WERE LEFT AS PRISONERS.

CONTINUED TOMORROW.

N. Y. STOCKS

(International News Service)

NEW YORK, Jan. 25.—Price movements in the stock market at the beginning of the trading today were somewhat confused. In the absence of any public statement as to the significance of the sensational trading in Wheeling and Lake Erie and Western Maryland, speculative interest was largely centered in these stocks.

Wheeling and Lake Erie opened at 51 for a 4½ point loss and declined further to 50. Within a few minutes, however, the stock danced upward to 56, with heavy trading around 55. Western Maryland reversed this movement, opening at 31¼, up 1⅜, and quickly dropping back to 29½. This erratic action in the merger rails, combined with speculative selling of the motors and industrials, spread confusion to the market as a whole.

All sections of the market participated in the downward movement of prices in the second hour. Consolidated Gas showed further unfavorable effects of its new financing plan, and dropped an additional 2 points. U. S. Steel was inactive, pending today's directors' meeting, when earnings and dividend reports will be made. Oils were reactionary, with several of the low priced independents losing all of their recent gains.

Influence Felt

Central Press Photo

Although Thomas H. Ince, above, died in 1924, memories of his technique as a director are still fresh in the minds of two screen players of the present day, Douglas MacLean and Charles Ray. They attribute much of their success to the pioneer director who gave both of them their start in the comedy field years ago.

More Proposals Before Assembly

Speed Limit For Autos Would Be Made 25 Miles Per Hour

(International News Service)

HARRISBURG, Pa., Jan. 25.—Judges in the courts of quarter sessions and oyer and terminer would be empowered to summon grand juries of one term of court at any time during the interim until the grand jury of the next succeeding court is assembled, under the provisions of a bill pending before the house, introduced by Rep. Thomas C. Evans of Cambria county. The bill which would amend the act of 1875, which authorizes the judges of the commonwealth to fix the number of the regular terms of the several courts, would have the effect of having a grand jury in readiness at all times to secure early indictments against transgressors of the law.

Poll and per capita taxes would be abolished and taxes would be levied and collected as a substitute upon the occupation of each person taxable within the respective districts in the same manner as county taxes are now assessed upon trades, professions and occupations, under the provisions of a bill introduced in the house by Rep. Benjamin Jones of Luzerne county. The bill applies to cities of the second and third classes, boroughs, townships, school districts of the second, third and fourth classes and poor districts. "After the passage of this act," the bill reads, "it shall be unlawful for any of the said municipalities or districts to assess and collect any poll or per capita taxes against individuals, but all such taxes hereafter assessed against individuals shall be assessed only upon the occupation of the individual." The bill fixes no value on any classification except housewives, and of this class the measure says the valuation "shall not in any case exceed $30."

Automobile speed would be limited to 25 miles an hour in cities, boroughs, towns and built-up sections, if a bill sponsored by Rep. William S. Voltz of Philadelphia receives the sanction of the legislature and Gov. John S. Fisher. The bill, now before the house, would cut the speed limit from 30 miles an hour, now legal throughout the state except where signs placed every eighth mile reduce the speed. The bill fixes a fine of $50 or 30 days in jail for the first violation of the speed limit law; $100 fine and from two to four months in jail for a second offense, and $200 fine and from three to nine months in jail for the third offense.

Girl Wanted By Police Advertises Her Death

BRESLAU, Silesia, Jan. 25.—In an effort to cover her tracks, Elfriede Mencke, 24, wanted by the police for forgery and swindle, has had a conspicuous notice of her death inserted in a local newspaper.

A number of fictitious grieving relatives, ostensibly living abroad, were mentioned as mourning "the untimely death of our beloved niece and cousin." Though this ruse was discovered quickly enough, the police were still busy searching for the resourceful Elfriede.

Druggists Will Be Organized

Retail Druggists Of Western Pennsylvania To Meet February 9

OUTGROWTH OF LOCAL MEETING

At Pittsburgh on February 9 some 1,000 druggists are to be given a banquet by the business men of Pittsburgh and an organization is to be completed which had its initiation in New Castle when the Lawrence County Retail Druggists' Association was organized less than a year ago.

This banquet which is to be given at the Pittsburgh Chamber of Commerce is to to be attended by druggists from all of the 21 counties of western Pennsylvania. Invitations have also been sent to neighboring counties in Ohio.

The evening events in addition to the banquet will consist of music and speeches by three noted speakers—Sir William Glyn Jones, fair trade exponent of England and Canada; Jerry McQuade, noted writer on drug topics, and John D. Pennington, prohibition administrator.

During the afternoon the W. J. Gilmore Drug company, which has recently occupied its new building on the Boulevard of the Allies, will hold open house and entertain the druggists. A luncheon will be served at noon and in the afternoon elaborate entertainment has been planned.

In the afternoon will be held the quarterly meeting of the Western Pennsylvania Retail Druggists' Association at which it is hoped to complete the organization of all retail druggists in the western part of the state. The counties now in the organization are Allegheny, Armstrong, Beaver, Butler, Crawford, Erie, Lawrence, Mercer and Venango. It is hoped that at the meeting the remainder of the 21 counties of western Pennsylvania will join the organization.

The officers of the association are: Scott Paisley, New Castle, president; Otto Schmitz, Erie, vice president; J. F. Nickum, Sharon, secretary and E. H. Sonne, Oil City, treasurer.

Although some of the counties, especially Allegheny county, have had organizations for some time, the movement to form an association of several counties was initiated by the Lawrence county association less than a year ago.

The first meeting was held for New Castle druggists who held a get-together meeting last January and the fellowship and understanding between the different druggists of the city was so encouraging that Ellwood City invited a meeting to be held there in which they joined in the association.

Then different meetings were held in different counties until a grand meeting was held in Grove City last October at which Allegheny and Armstrong counties joined and the name was changed to the Western Pennsylvania Retail Druggists' Association.

The purpose of the association from the beginning has been that druggists might get together and discuss their problems and difficulties and understandings decided upon that will promote the success of their business and the protection of the public from injurious drugs and patent medicines.

The success with which this association has met in the short space of a year has become so great that other lines of business are talking of similar associations. It is a good example to show that cooperation is better for trade and the public than competition.

HAINES HOME FROM COAST

Lumber Industries Of Pacific Northwest To Merge Soon

Thomas L. Haines, Ellwood City, president of the Wayne Lumber company has returned from Seattle Wash., where he attended a convention of lumber men.

Reports from Portland state that within the next two months the $400,000,000 merger of lumber industries in the Pacific northwest will be completed according to Emry Olmstead president of the Northwestern National bank of Portland in addressing members of the Portland realty board.

The merger would consist it is said of some 80 mills and concerns with tehber holdings of sufficient magnitude for the merger to control 40 per cent of the lumber production of the northwest.

Postage Rates To Canada Raised

Although postage rates to Canada in certain particulars was raised some months ago the postoffice department announces that many special delivery letters and government postcards are short of postage.

All special delivery letters to Canada should bear postage to the amount of 20c in addition to the regular postage of 2c thus making 22c in all for the first ounce or fraction thereof.

All government postcards that will go any place in the United States must bear additional postage of one cent for Canada, that is postcards for which domestic rates are one cent have a rate of 2c for Canada.

The postoffice department says that they still have a large number of letters and postcards for Canada which are short of postage so care should be taken to place the full amount on such mail so that the mail may not be delayed.

LETTERS TO THE NEWS

PARKING SPACE AT COURT HOUSE.

New Castle, Pa.

Editor News:—

I saw in the issue of your paper on Saturday January 22 where some are advocating the making of a parking ground of the lawn at the north side of the court house consisting of a piece of ground 40 by 65 feet.

It has been talked of for many years of building a new court house also of buying the Boyles property south of the county property which is a very nice and valuable piece of property.

I would suggest that those interested in a parking place should consider the following: That they buy the property laying east and adjoining the county property as far as Milton street and back as far as the soutn line of the county property giving it two fronts, one on Court and one on Milton, making it one of the most convenient and desirable locations in New Castle for a new court house and can be bought for one-third of the price asked for the Boyles property.

As the county is not financially ready to build a new court house now I think buying this property would be a profitable investment for the county as there are four houses on the property one known as the McMillan could be converted into offices at a small expense and save the county rent for offices which they have paid over eight thousand dollars for in the last few years.

The house at the corner of Court and Milton could be used as a detention home and not put any more expense on the old house that they are using now as I undersand they intend to do in the spring and then it cannot be what we should have as the house is old and the floor and foundation is given way.

There is no ground for the children to get out in the fresh air and sunshine which I think the children should have.

In speaking to one of the county officials in regards to that he said they ought to be kept in as they were a bad set of youngsters. Possibly that is so but some of them are not naturally bad it is the way they were brought up.

The other two houses fronting on Milton street can be rented until such time as we need the ground. They can be rented for $40 a month each, turning in $960 a year instead of paying out that amount and another object would be when we are building a new building the old one still be used as it would possibly be very hard to get a place to hold court and store the records and other equipment.

Once the old building is taken away the ground that it now occupies could be made into a nice park with the shade trees which the city should have but if the lawn is cemented and a parking place made it would be a detriment to the ground and our temple of justice. So I think that money saved by making things better is better than money paid for rent when at the end of the year you have nothing to show for it. Then for the parking place in the rear of these lots there is more than five times the space and is accesible from two sides while you only have one way to get into the ground at present and that is over the drive into the court house and jail.

Millburn News

Wm. McIntire of East Lackawannock spent Sunday at F. R. Munnell's.

The play, "Joe Guess Wins One Thousand Dollars," presented at the Grange hall on Monday evening, under the direction of J. H. Whirter, was well attended and very much enjoyed.

The Young People's Club held their meeting on last Friday evening at the Grange hall. Although the attendance was small, a delightful evening was had by all present. At a late hour lunch was served. The next meeting will be held on Wednesday evening, February 23rd with Alice Brenneman, Wilmina Minnich, Don Drake and Ernest Vance on the lunch committee.

The fire escape, now being erected at the Grange hall, is nearing completion.

Word has just been received of the death of Miss Abbie McCullough of Mercer, which occurred at midnight Sunday. Miss McCullough was quite well known through her visits to her sister, Mrs. M. B. Orr.

Elmer Wimer, who had the misfortune to injure his right arm badly, is recovering and is able to use his hand a little now.

The Mill Run Oil and Gas Company have received their first shipment of pipe for their pipe line.

On six entries of Light Brahma chickens entered at the Mercer County Poultry Association's Show held last week at Wheatland J. B. Comstock received four first prizes and two second prizes.

CREDIT
CREDIT lightens the road to a better furnished home. As a matter of fact, most homes are furnished on credit, why not yours? Instead of laboriously saving up your money until you have the full amount in cash, depriving yourself of the use of good furniture in the meantime, why not have that badly needed new furniture right now and pay for it while you are enjoying its luxury and comfort. Come in and see us about the unusually easy credit terms we will arrange with you.

HARLANSBURG

W. C. T. U. MEETING

A number of ladies were present at the regular meeting of the local union held at the home of Mrs. Lizzie and Miss Julia Harlan on Thursday. An interesting program was carried out. Special guests who make fitting remarks were James Peebles and Rev. Mackey. Tasty refreshments were served by the hostesses and aids.

Mrs. Margaret Cunningham will entertain in February, the subject will be "Why We Celebrate Frances Willard's Birthday," with Mrs. Anna Turner as leader.

Some of the ladies attended the victory luncheon of the county held in the First Baptist church of New Castle.

SERVED ON JURY

Mrs. Martha Cunningham, Mrs. Nettie Jordan and Oscar Harlan served on the jury at the county court house last week.

ATTEND FUNERAL

Mr. and Mrs. W. J. Eakin, Miss Kate and Joseph Eakin attended the funeral services for Mrs. James Eakin held from the family residence at Hillsville last week.

The deceased had suffered from a lingering illness for some time and passed away in the Shenango Valley hospital.

FORMER PASTOR DIES

Word has been received of the death of Rev. L. A. Schuering, former Baptist pastor here, at his home near Philadelphia. Rev. Schuering had been ill for some time.

SICK LIST

Mrs. John Rumbaugh has been on the sick list.

Baby Harold Johnston, who has been seriously ill with pneumonia, is much improved.

Mrs. Andy Johnston, who was confined to her bed, is able to be about her home.

Mrs. Edith Harlan, who has suffered with an attack of pleurisy, is much better.

MISSIONARY MEETING

Mrs. Oscar Harlan will entertain the Ladies' Missionary society on Thursday, January 27, at an all day meeting. The ladies expect to finish work on a quilt started some time ago. Lunch will be carried as usual and coffee will be served by the hostess.

SLIPPERY ROADS

The condition of the roads, improved and dirt alike, has been dangerously icy for the past week or more and scattering ashes has been a popular pastime.

FORMER RESIDENT DIES

Friends of Mrs. A. Frangen, remembered here as Miss June Geyer, regret her sudden death at her home in New York City a few weeks ago. Mrs. Frangen lived with Joseph Wilkin and family while in Harlansburg and was married immediately after they left here.

The deceased united with the local Baptist church last summer and also organized and carried on girls' club activities. Interment was made in New York City.

During 43 years' service a postman in an English town walked the equivalent of 12 times round the world, averaging 130 miles weekly.

Cured His Rupture
I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 437 N Marcellus Avenue, Manasquan, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.
